With great care an artist selects the pieces of stained glass for his window. Molding and shaping, he blends the various sizes, shapes, and colors to create a glowing work of art. Each color, beautiful in itself, is enhanced when joined with the other colors in the window.

So, too, we choose the parts of our lives. Selecting carefully from the experiences life offers, we create our own windows. Each window is beautiful and unique, an individual creation of our lives. Some windows are bold and strong, full of vibrant, vivid colors; others are delicate and fragile like a water color.

What our windows are like is up to us. We are the artists who choose the colors and shapes of our lives. Designing carefully, we discard, take up, and place the pieces of our lives into our windows.

LOOKING through the window of life, many students have different views of education. Some choose the traditional university prep classes, while others choose such vocational classes as woodshop. For many students, working with their hands is preferred to sitting in class. With a couple of years head start in school, students can receive a boost in the working world.

DESIRING some of life's luxuries, juniors and seniors seek job skills by enrolling in work experience. Students may be found at such places as fast food restaurants, department stores, gas stations, ice cream parlors, and movie theaters. Ms. Bernard facilitates jobs for interested students. She is the liason between the school and the community.

Working diligently, Tami Page serves one of her customers.

FOR students who would like to experience some of the duties of a teacher, Armijo allows students to become teachers aids. Students do various tasks which allow them to get a feel for what teachers do. It gives them an idea of whether or not they might want to become a teacher themselves.

Joanna Loving helps Mr. Scherr with role.

Sari Puli takes time out of class to talk to Debbie Warburton in the A.F.S. room.

Valerie Torterette converses with foreign exchange students.

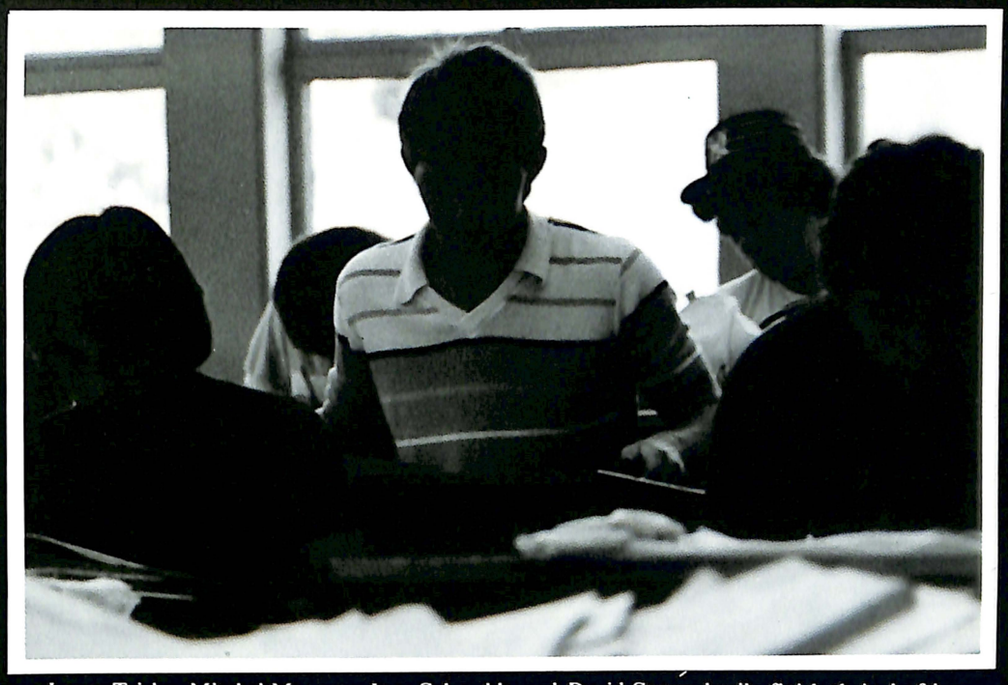

A.F.S stands for American Field Service. The American Field Service is an exchange program promoting intercultural learning. A.F.S. sends students abroad to learn about a different culture and to learn more about themselves. A.F.S. also brings students from oversees to the U.S. to learn about our culture.

This year Armijo has four exchange students. Two are from Finland, one from France, and one from Spain.

Sonja Whitehead carefully examines her sewing.

MANY students choose to take extra curricular classes which are not part of the academic program, one of which is home economics where students learn the basic fundamentals of sewing, home making, and cooking. Students design, cut, and sew many articles of clothing such as pants, dresses, and blouses along with learning to cook many different exotic dishes.

Lance Trisler, Mitchel Marquez, Ingo Schmoldt, and David Soares busily finish their drafting.

Thomas Butcher and David Newsom line up their work.

MR. DAY, the drafting teacher, spends many hours of his time helping and teaching students who plan to go into the field of architecture and design. There are many classes ranging from beginning drafting to advanced architectural drawing, which prepare students for the struggle of college.

Debra Clark tries her shirt sleeve on for size.

Leilani Jones, Henry Fulener, and Teresa Olsen horse around at the lockers.

WHILE a man's home is his castle, a student's castle is his locker. During the four years a student attends school his locker becomes his home away from home.

A locker is not just a repository for books and binders. It becomes a castomize showcase. Mirrors, carpets, shelves, and wallpaper are all used to individualize each locker. Lunches, combs, clothes, purses and pictures all find their way into the lockers. Shoes, car parts, skates, and radios; size is the only limitation on what goes in a locker. You can tell a lot about a person from examining his locker.

Dixon May Fair highlights F.F.A.'s Year

EACH spring the tempos around the agricultural compound quickens. The sounds and odors of pigs, lambs, and calves drift along the soft breeze. FFA students find they don't have enough time to accomplish all they have to do. The Dixon-May Fair is the major competition on the FFA calendar.

Popcorn, peanuts, cotton candy . . . others go to the Fair for the wide selection of culinary delights being offered along the midway. Still others are attracted by the rodeo, the tractor pulls, and the music. Many try their hands at the different games of chance.

The carnival lures others to try their nerves on the colorful and exciting rides. No one is ever left out at the Dixon-May Fair.

MR. EVANS has been coaching soccer for ten years. Coach Evans is very proud of all his players and feels that he has a good relationship with his team. He proudly stated, "Armijo plays good clean soccer and has genuine sportsmanship. The team's skills are very high, and all of the players play well together. They are very organized in defense and passing."

The toughest team they played in the MEL league games was Napa. "Team-wise," said Coach Evans, "Armijo played very well against Napa. We attacked the goal often and played very opportunistic defense." The pre-season games this year were very difficult. They were a good learning experience for all the players. In their first seven games they only had three goals scored against them. Since the start of practice the players have improved substantially. Their defense has been solidified and the offense has improved on their striking.

Some of the best players on the soccer team are the seniors. Pepe Barajas and Kevin Gibbons, who are fine leaders and determined individuals. Kenny Jackson is a valuable defensive player. Fermin Calderon and Kevin Gibbons uplift the team spirit with their good senses of humor. The most improved players are Greg Lopez, Kevin Gibbons, and Jerry Perkins. They are all very determined and athletic players. The Varsity team's goal keeper is Mike Martinez, who has played this position for two years, and performs with great intensity. The one player who has scored the most points this season is Pepe Barajas, who is also one of the co-captains. The other co-captain is Kevin Gibbons.

THE Junior-Varsity soccer team, coached by Richard Foft, played a sensational season this year. The team put a lot of effort into the games they have played, and through their excellent teamwork, they achieved a great record of nine wins, one loss, and three ties.

The only setbacks that the team has suffered were the absences of goal keeper Jose Guzman, who switched over to varsity soccer, and John Fredricks, who was out due to an injury.

The outstanding players of the team are: Sergio Hernanden, Danny Spadorcio, Paul Lotz, Danny Lazano, with Tony Mesa being the most improved.

"Great job team!" exclaimed coach Foft.

Our most impressive linesmen were Paris Clements, Mike Bloxsom, Bob Cox, Mike Silvestri, ajoe Nolan, James Aries, and Bobby Underwood.

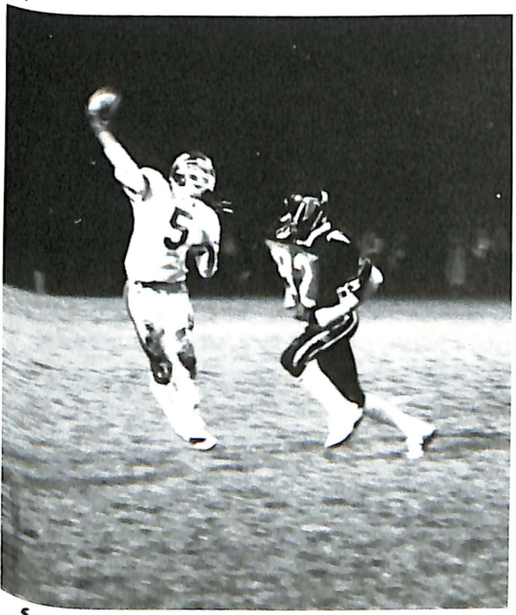

Coach Nunes felt that we had a very successful season. "I want to make football exciting," stated Coach Nunes, "and fun, which, in turn, will bring success to the Armijo football program."

"I'd like to wish the seniors the best of luck," exclaimed Nunes, "they've faced hard times. I hope their senior year was enjoyable and that they have pleasant memories to draw upon."

THE JUNIOR varsity football coach, Mr. Franchi, is in his seventh year of coaching at Armijo. He enjoys coaching the J.V. team because they are at a formitive level of growth. Coach Franchi has coached at Napa High for two years, before coming to Armijo. Aside from football he enjoys coaching J.V. basketball and golf.

The team worked diligently, and improved. The quarterback, Mike Hathaway, played well against our toughest opponents: Napa, and Vacaville. The most improved players this year were David Combs, Aaron Page, and Leo Caolie.

Coach Franchi had a good coach-player relationship with the J.V. team. He felt that the players were very talented young men and that they were all improving this year.

"It's nice to see the student body support the athletic program," stated coach Franchi.

ALTHOUGH the Freshman team did not have a very good season this year, there is much to be said about its players.

During one game against Napa High, Carling Collins, David Newsom, and David Flanniigan, made a number of smart tackles.

They palyed very well in both offensive and defensive games. Their cooperation, and battle plan for each play was excellent.

The much more outstanding players were Gale Lawton, quarterback; Robert Gonzalez, receiver; and Galen Lawton, flanker.

Cliff Gibb, Richard Parklan, Dave Newsom, Jeff Parklan, David Flannigan, Andrew Arias, Jason Wooldridge, Carlin Collins, Leo Wheeler, and Coach Keisling, also contributed much in all the games.

The Freshman Team was much better than its record of wins indicated and they will be a great benefit to the Junior Varsity team next year.

Water Rats

1

DESPITE losing many of last year's players, the water rats performed quite well. Even though they were inexperienced, the new players helped to keep water polo going at a steady pace.

Coach Wayne Henderson felt that the Varsity improved steadily and was very pleased with the Junior Varsity.

Hank Peterson proved to be the leading Varsity player, making all sections. Karen Dillbeck was invited to the Junior National Girls Water Polo Camp because of her excellent playing efforts. Tim McCormick was the best J.V. player and also played in many Varsity games.

The most improved players on Varsity were: Tom Harris and Lindi Taylor. On the J.V. team, Vern Victa and Mike Ewert were the most improved.

The J.V. record of wins and losses was 8-3, the Varsity, 1-26, and the Girls Water Polo was 1-6.

Coach Henderson says he would like to see more support from the school and hoped to encourage more sutdents to try out for the team.

The Volleyball Teams Spike into Forth Place During MEL Play

THE SUPER SPIKERS started off their season slowly. Both J.V. and Varsity teams ended the season of play in forth place in the Monticello Empire Volleyball league. The Varsity player finished with a 6-6 record and tied for forth with Vallejo.

Joe Bell was the only all league player chosen from Armijo, Joy's teammates Susan Baude and Valerie Neely, recieved honorable mentions, finishing their senior volleyball year in success. During the ninth all city valleyball tournament in Vacaville, the Varsity volleyball team ended their 1982-83 season by placing third.

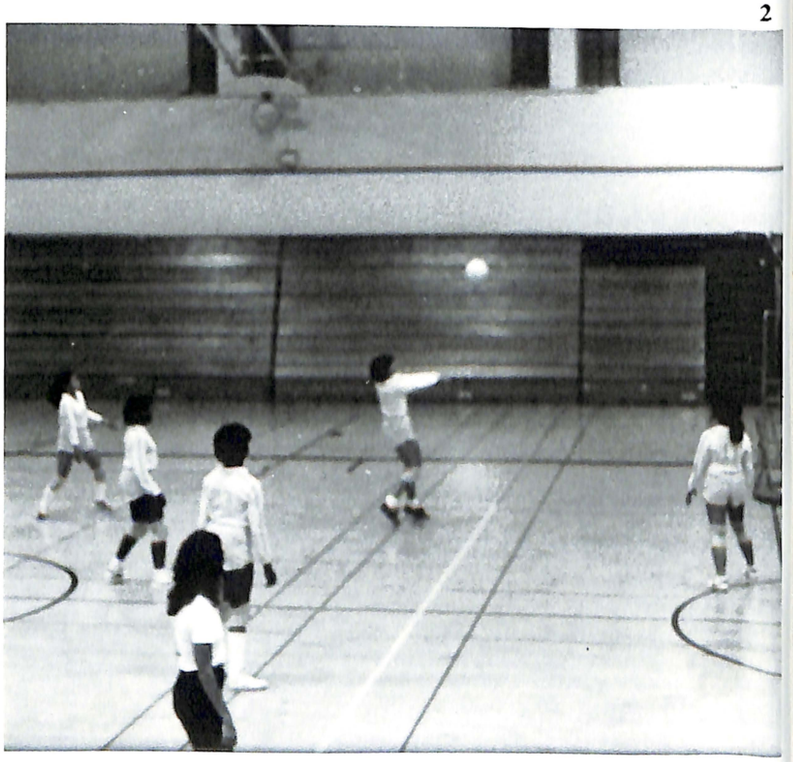

The J.V. ended the season tied with Vintage with five wins and seven losses. Placing fourth in the all city tournament in Vacaville, the little Injuns finished their season in the middle of the monticello league standings.

Varsity coach Karen Meek and J.V. coach Peggy Linville were very pleased with the teams' efforts. Karen Meek said, "The girls worked very well as a whole and played hard games against Napa and Vacaville."

1983 Badminton Team Watches the Birdie

One of the more popular girls sports this year was badminton. Over 40 girls tried out for the team to fill twenty spaces. The team is made up of eight singles and seven doubles teams which is considered Varsity. Then the remaining people are the Junior Varsity team. After becoming M.E.L. champs last year, Miss Meek felt this years team had a good chance of becoming M.E.L. champs once again.

1. Syndi Piel follows through on a smash.
2. Holly Johnson tips a drop shot to her opponent.
3. Nancy Moulthrop hits a high clear during practice.
4. Jackie Ramirez drops the birdie over the net.
5. Virgie Filomeno sets herself up for a serve.

Varsity Played Hard and Strong.

THE VARSITY BASKETBALL coach, Mr. Dahl, has been coaching for three years. He enjoyed coaching Varsity because the players were big and fast, and caught on quickly. Coach Dahl got along well with the players even though he demanded consistency.

All the athletes worked well together as a team and were very well organized. This was due to the fact that most of the players have played together since their freshman year.

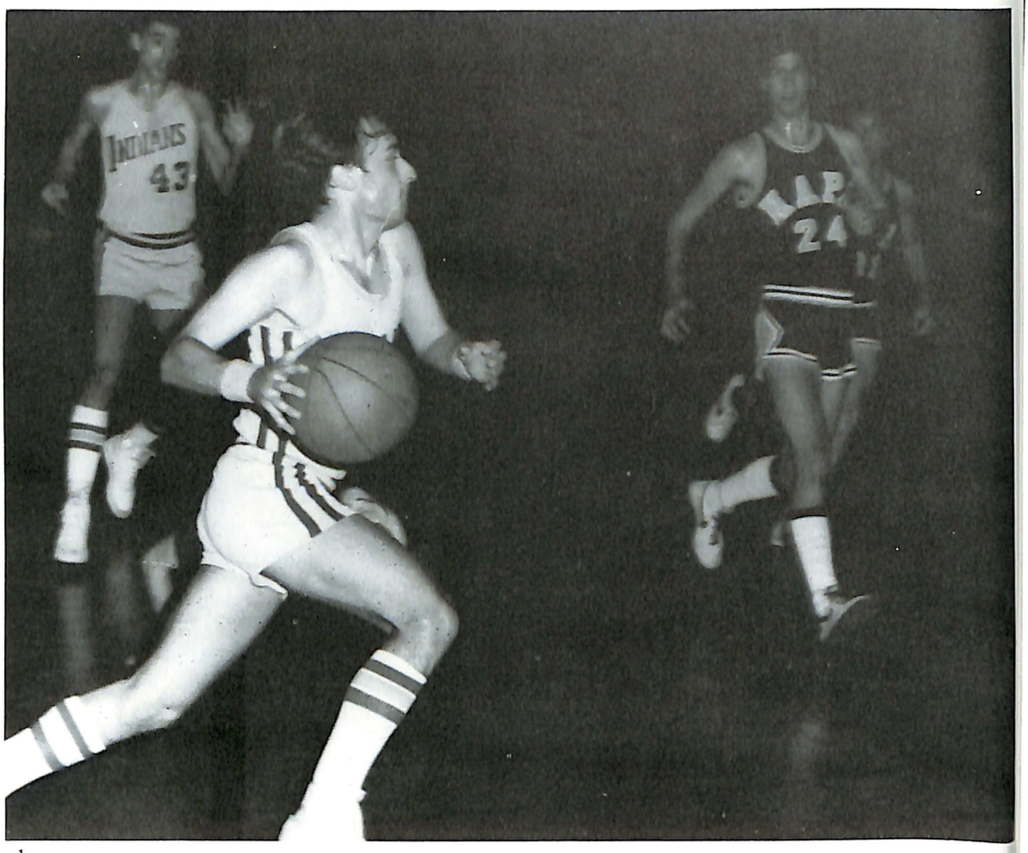

The best players were Rodney Fuller, Dan Curry as a rebounder, and Kary Bidwell as most consistent. Steve Guida, and Jim Bowie played exceptionally well. The most improved players were Kary Bidwell and Jim Bowie. Rodney Fuller scored the most points with an average of twenty points a game.

The team captains were Steve Guida and Rodney Fuller. They led the team through some difficult games. In the first twelve games Armijo ranked 7-5. The players were very disappointed because of many close losses. Coach Dahl felt that the team played very near their potential. The athletes played better together and worked as a closely knit group.

The best game Armijo played was against Vallejo. We beat this place team by fifteen points. Our intensity level was high and the Varisty team played aggressively. We had much support from the student body.

"This year has been fun for many reasons," stated players Steve Guida and Rodney Fuller. The team and the coach have combined to make the season very successful both on paper and in our lives. This year has been an experience we'll never forget because of the fun we've made through playing."

Stats were taken by Amy Hamlin, Lani Neff, Anne Sawyer, Jennifer Jones, Nancy Moulthrop, and Donia Williams.

J.V. Endured a Strenuous Season.

THE J.V. BASKETBALL coach Bruce Franchi, has coached at Armijo for three years. He enjoyed coaching because it's an important area to develop fundamentals and team aspects of basketball. The manager and assistant coach was Pablo Frink.

The toughest teams we have played against were Vallejo and Fairfield. Armijo held in with there ability to work together as a team and to understand the team concepts. "Our team has no quitters," remarked coach Franchi.

The most exceptional players were Mike Guida and David Combs. The most improved players were David Combs and Clay Lee.

The team played very well this year. They were never beat badly in a game. Armijo lost two games in overtime, three games by two points and three games by one point.

Coach Franchi felt that the team had room for improving their rebounding, and playing in certain situations. Since the beginning of the season, the team improved defensively.

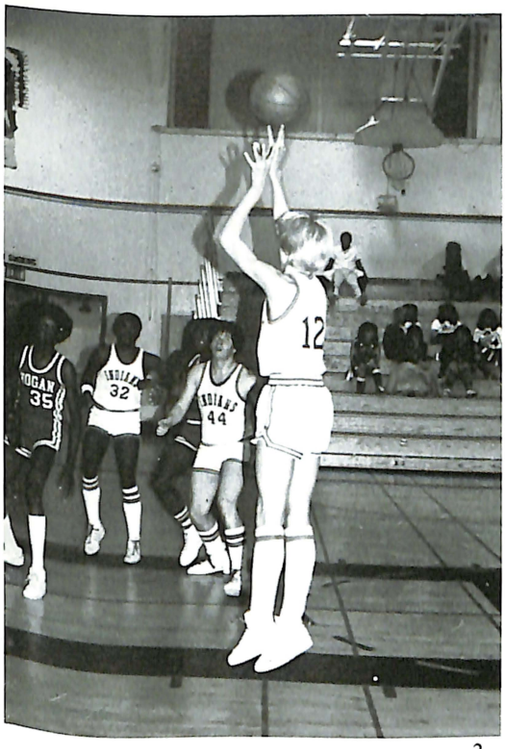

The captains of the basketball team were David Combs and Carlton Bush. Mike Guida played exceptionally well, scoring 319 points in the first 17 games, with an 18.8 average.

The best game the team played in was against Napa. The J.V. played great defense. The athletes played aggressively and made good shots off motion.

Reflecting on the ineligiability of two of his players, Coach Franchi stated, "I feel that our players have to understand that as student athletes they have to meet academic standards as well as using their athletic talents. Because it is their responsibility to themselves, the team, and school."

FROSH BASKETBALL "82-83"

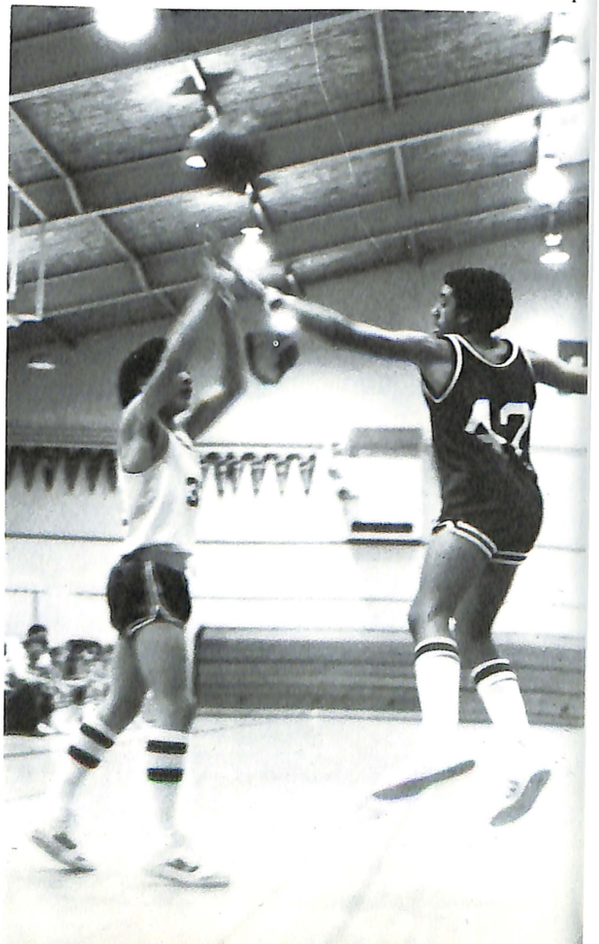

THE ARMIJO Frosh Basketball team had a fine season, winning 12 games and losing just 2. Included during the season was a 3rd place finish in the Jepson Tournament. The "Little Indians" capped the season with an 11 game winning streak which included two wins over the Fairfield Falcons and two over the Vanden Vikings.

The team showed great improvement following an opening loss to Jepson. Anthony Grandison and Shane Nelson led the way with the assistance of the Lawton twins, Eddie Edmonson, and a fine supporting cast.

Girls Basketball clinch the MEL Title.

THE GIRLS JUMPED into the season with both feet, beating most teams in the Monticello Empire Leauge. They finished the season with a share of their first MEL title. Ending a season of play with a 10-2 record.

Winning their last game against cross town rivels our girls brought home a 43-34 victory proving once again Armijo still has pride.

After five long terms as coach, Lynn Gregerson finally pulled the girls squad up to MEL champs. "Every other year the team has come close" said Gregerson.

The Junior Varsity squad also clinched a tie for its division championship with a 53-12 romp over Fairfield.

The little Indians finished their season with a respective 11-1 Monticello Empire league ranking and a 16-2 scoring over all.

Alberta Trigg and Diane Schnapp helped lead the young Indians to success.

Grapplers Capture Third In League

COACH RON CORTESE and assistant coach Paul Batausa led the wrestling team in an excellent season ending with Varsity third in the league and J.V. second in the league. Coach Cortese, coaching wrestling for fifteen years, was really proud of the team, as they pulled together. At 203 lbs. the most valuable wrestler was Paris Clements, the League Champ. Wrestling Team Captain was Tom King, who had a chance to break the escape record. Most inspirational was Arron Paige. For J.V., Most valuable was John Fout and most improved were Scott Johnston and Donald West. The Rookie of the Year was Ted Scibek.

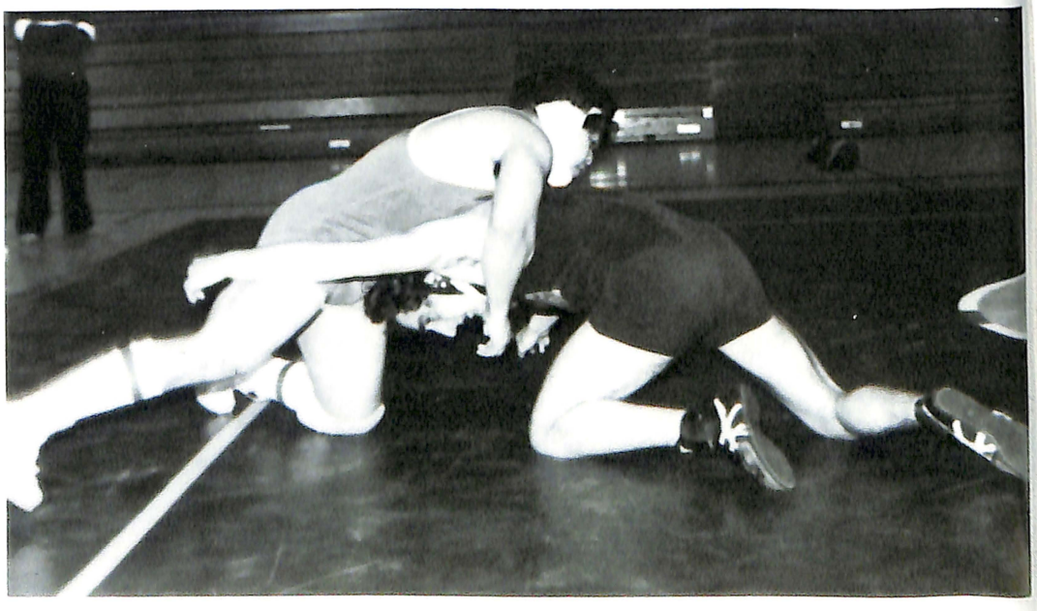

Wrestlers had two and a half hours of practice per night, consisting of warmup exercises, drill work, and mat wrestling in different positions. There are many different weight groups. The Armijo wrestling team is stronger in the upper weight groups, 148 lbs. and up. Coach Cortese says that the future looks bright with three freshman earning Varsity letters.

The Wrestlerettes play an important part of the Wrestling team. They are the official scorekeepers, keeping stats, team records, and taking care of the display windows.

"Gymnists Tumble into Victory"

Indian girl's gymnastics found stiffer competition when they changed leagues, but still had a good chance of becoming league champs. The team was quite strong, having Varsity standout Pam Gorton, who placed in last year's sections.

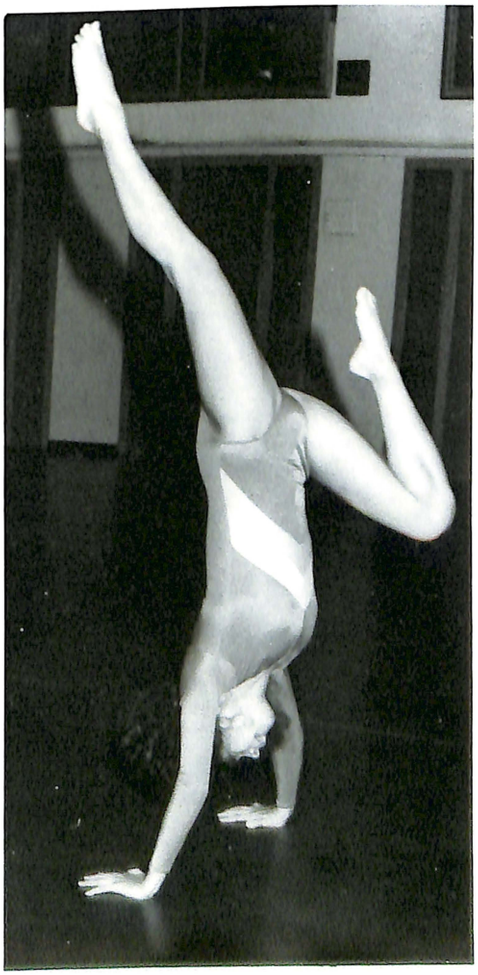

Mrs. Hopkins, coaching her second year, says, "This year's team, had a lot of personality and a good future ahead."

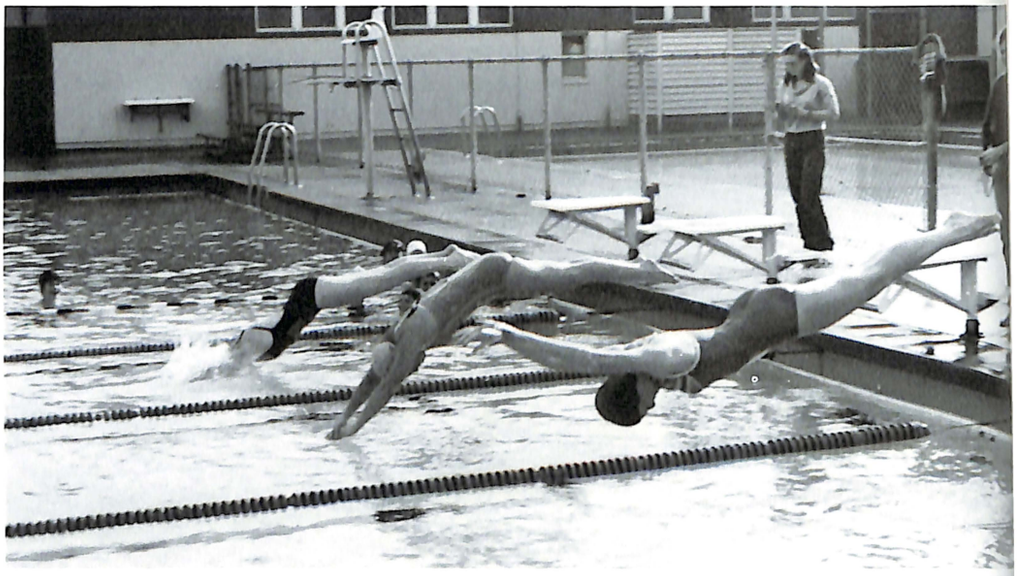

1. Lori Dill performs a hand stand on the horse.
2. Amy Underwood shows her ability on the uneven bars.
3. Yumi Wilson does the standing splits on the beam.
4. Pam Gorton does a back walkover on the balance beam.
5. Amy Underwood completes her routine with a handstand.

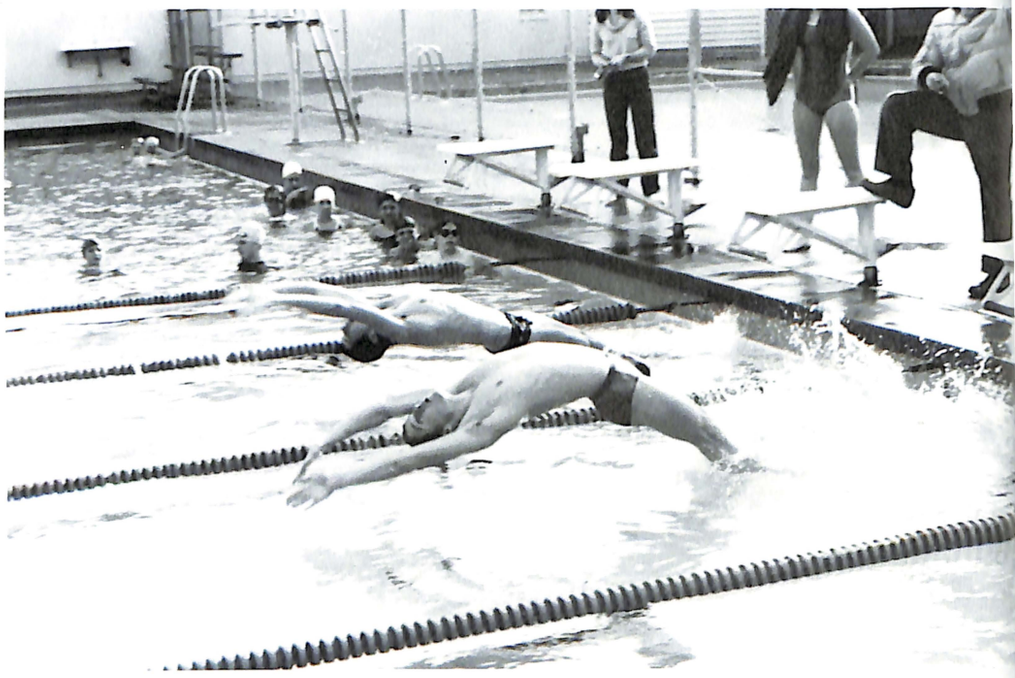

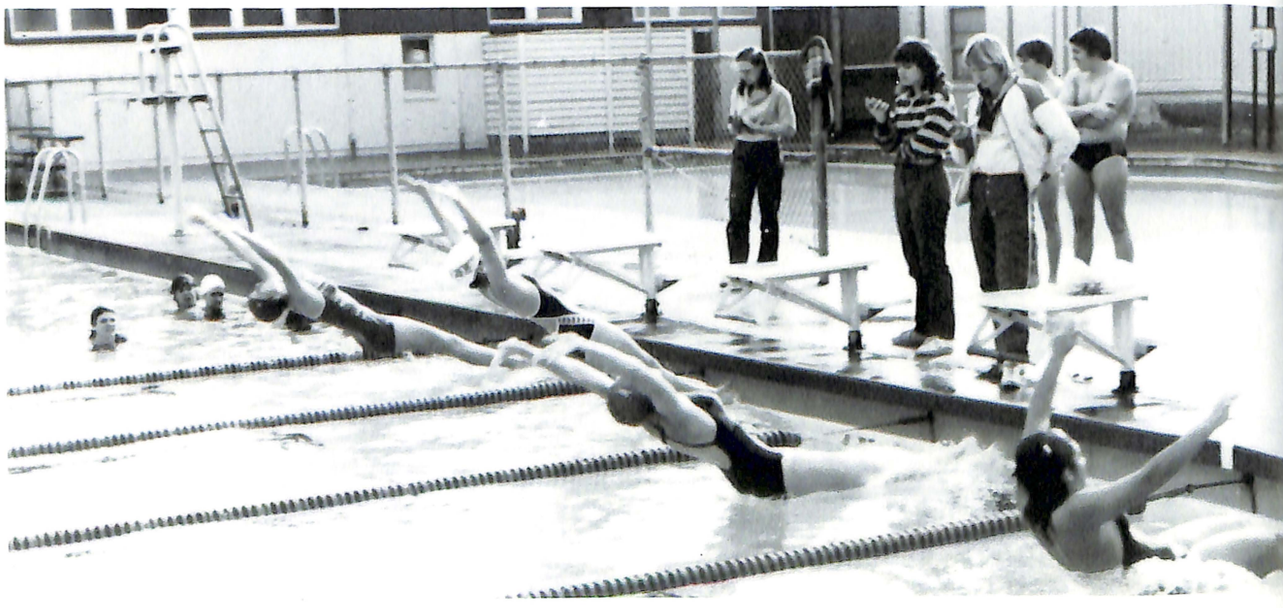

Indians Show Their Style in the Water.

Having the strongest team in about three years, Indian swimmers had an easy shot at becoming League Champs.

A well balanced team, included top male swimmers Tim McCormick, Darin Molting, Glenn Stubbs, Rick Hamilton, Jolly Ryland, David McCoy, and Mike Evert. For girls, leading swimmers included Karen Dillbeck, Kim Nolting, Kris Peterson, Margie Moore, Dana Schofield, Janice Weston, Laurie Benkel, and Lindi Taylor.

"There is a large amount of talent in the boys team," said coach Wayne Henderson, "And a positive attitude for winning in girls and boys."

Since many of the team members were underclassmen this portends an optimistic outlook in the future for the Indian swimmers.

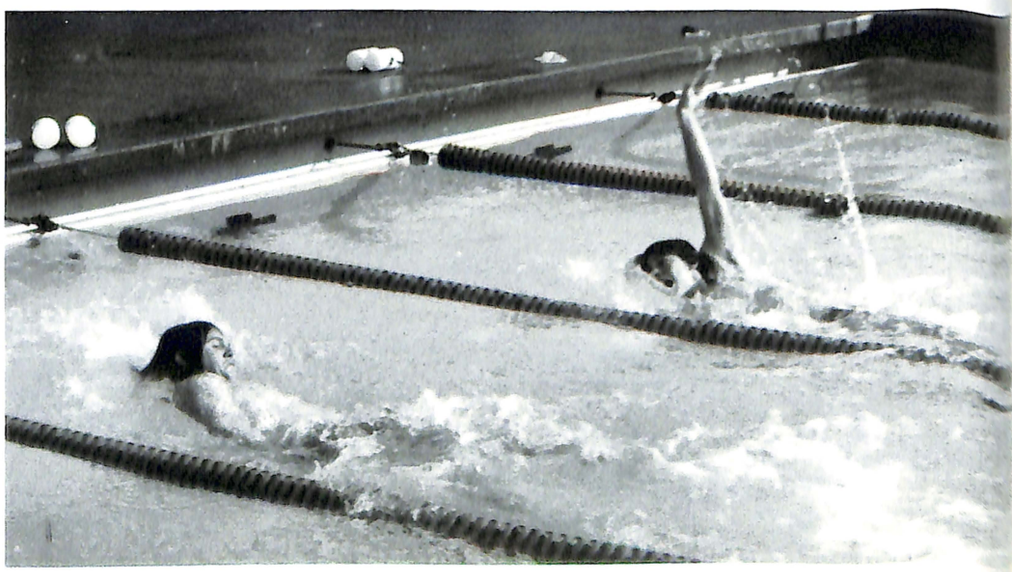

1. Theresa Perrera backstrokes her way to victory.
2. Armijo girls dive into the water starting off the freestyle race.
3. Armijo boys kick off with the backstroke.
4. The girls team begins the swimming competition.
5. Laurie Benkel swims the butterfly across the pool.
6. Glenn Stubbs breast strokes through the water.
7. The boys team race through the water swimming the butterfly.

1. Michelle Brezina swims the breast stroke across the pool.
2. The Armijo boys start off with the shot of the gun.
3. Theresa Perrera exerts herself to finish first.

1. Adam Alaniz swings away over the fence.
2. Ken Jackson hits a triple and evens up the score.
3. Jim Bowie runs for first base.
4. Todd Simonds dashes on his way towards a double.

Indians Try For a Grand Slam

The 1983 Athletic Director and second year head coach was Dave Marshall. Baseball has been part of his life; he enjoys the game and all the players. Mr. Marshall hoped for a successful year and the players planned on working hard to defend their 1982 Monticello Empire League Championship.

The key to their strength was the ten returning players, three of whom were starting pitchers.

Returning starters included pitcher/first baseman, Jim Bowie, outfielder Ken Jackson, third baseman Barry Miller, second baseman Jim Mohr, out fielder/pitcher Todd Simonds, and pitcher Bill Crosson.

The offense was led by seniors, Jim Bowie, Barry Miller, Joel Eddings, and juniors, Tracy DelDotto, and Adam Alaniz.

"As a player I am optimistic and very confident that we can repeat as M.E.L. champions for the 1983 season," remarked Bill Crosson. "We as players would like to thank all the parents for accepting our long hours of practice and supporting us through the year."

The team was very competitive and with the personalities which had returned they were fighting hard for the crown by the end of the season. The toughest teams were Vintage, Napa, and Vacaville.

"The coaches are extremely optimistic about the 1983 Baseball season," stated Coach Marshall. "Being in my second year as Varsity Baseball coach here at Armijo this team ranks as one of the most talented groups that I've had the pleasure to coach."

1. Bill Crosson pitches, hoping for a strike.
2. Jim Mohr swings for the left field fence.
3. Barry Miller stands ready for the next play.
4. Tim Langdon receives the pitch from Bill Crosson.
5. Pat O'Neal dashes toward home plate at full speed.
6. Joel Eddings awaits the ball playing infielder.

Softball Blasts a Grand Slam

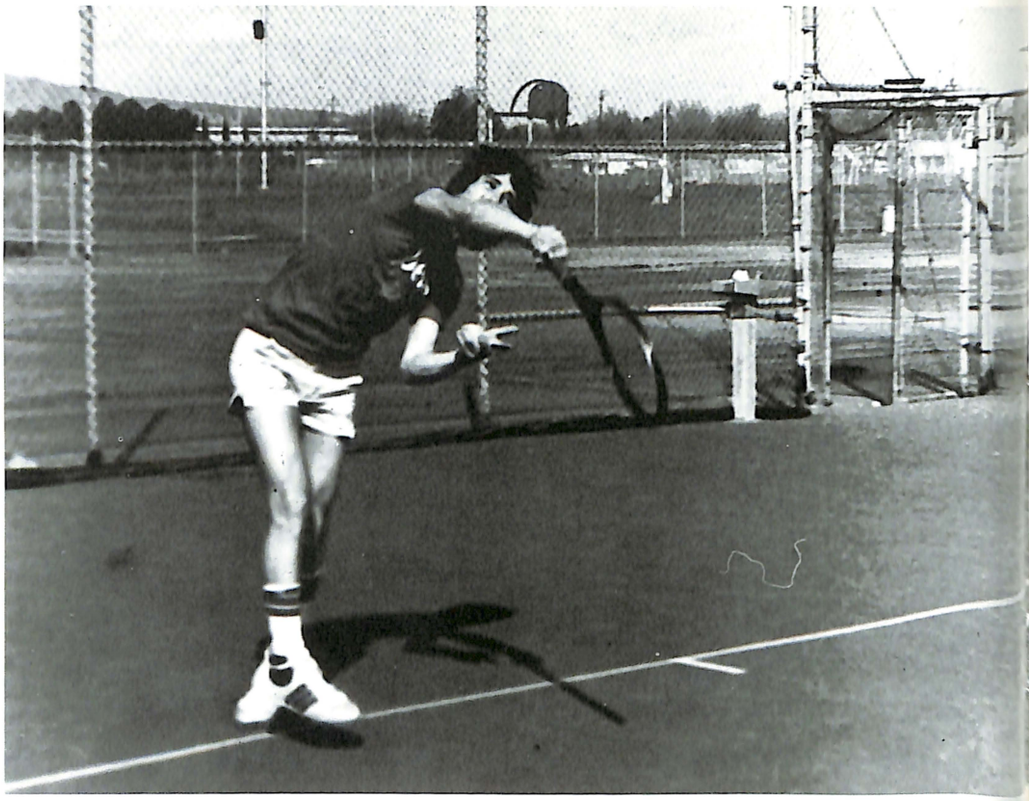

This years softball teams, coached by Mr. Hambright and Ms. Linville, started off great. Both coaches felt that the teams would do excellent throughout the year. Some of the outstanding players were Joy Bell, Liz Dickens, Sonja Johnson, Cindy Grayck, Karen Stow, and Trisa Bubak.

1. Cindy Gracyk goes down for a catch.
2. Susan Baude practices her throwing.
3. Sonja Johnson throws the ball to her partner.
4. Joy Bell catches a ground ball.
5. Liz Dickens prepares to throw a curve ball.

The 1983 Tennis Team Has Continued to Show

Successful performance and determination. They got off to a good start this year with many good, new players on the team. Returning players, who were the back-bone of the team this year, include Steve DeVries, Steve Guida, Ron Helling, Matt Lucas, Walter Newell and Curtis Terry to name a few.

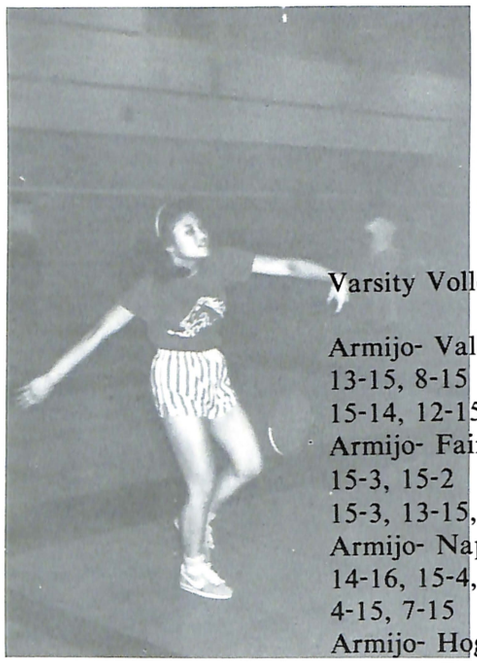

1. Walter Newell plays the base line.
2. Chris Chalk and John Peterson experience the agony of defeat.
3. Curtis Terry successfully returns a powerful serve.
4. Matt Lucas enjoys a rare sunny match.
5. Neil Wolfe displays top serving form.

1. Mr. Bailey works silently filling out his grades.

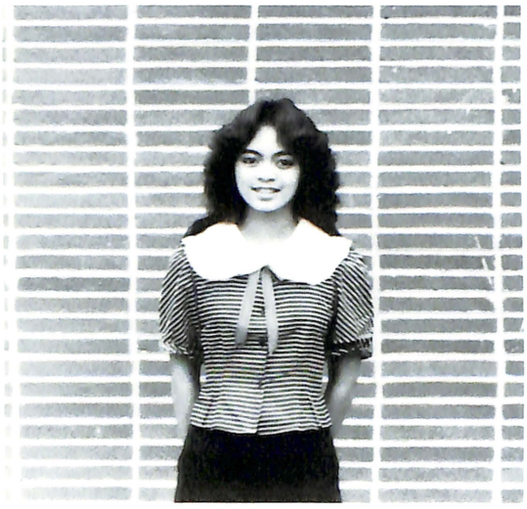

Freshmen Are People Too.

A TALENTED young student, Gary Minakata is very interested in art. He used to teach art at Suisun Valley Elementary for the 6th grade. He was a Junior leader in 4-H and taught arts and crafts.

In the future he plans to go to Solano College for two years. Then go to U.C. Davis or-San Francisco State for the rest of his education. He plans to major in commercial art.

In his spare time he likes to watch the latest movies, play video games, and draw. Presently, he is a volunteer junior fire fighter for the Cordelia Fire Department and is a member of the Freshman Central Committee.

A BRIGHT, good-humored and talented student, Tina Carbonel was very active at Armijo. She was a member of the Fil-Am teen club and played the clarinet in the Armijo SuperBand. She was also vice president of the Freshmen Central Committee.

In the future, she hopes to go to the University of Los Angeles and later become a computer technician. In her spare time she likes to listen to the radio, talk on the phone, or go out with friends. When asked about her favorites, she jokingly replied that her favorite T.V. shows are Mr. Roger's Neighborhood and the New Zoo Review and although her favorite music group is the Bee Gees, her all time favorite song is the theme from the television show "The Smurfs."

All in all, Tina Carbonel is a fun, loving, spirited young lady, and she will be a very successful person in all she does.

ONE OF OUR freshman central committee members is Don Lowrie, a University Prep, math and science major.

In his spare time Don is interested in reading science fiction and fantasy. His favorite authors are Robert Heinlein and J.R.R. Tolkier. He also builds models and planes.

He has two sisters, Darla and Maree-Ann, who are older that he is. He enjoys walking and playing with his two dogs Kelly and Beanie; and his two cats Nibby and Chester.

He plans on attending college after he graduates from Armijo, possibly at the Air Force Academy or Sacramento State University. Don would like to study to become a political scientist.

He likes living in Fairfield; and has lived here for six years.

THE FRESHMAN attendant for basketball this year was Becky Forristal, a member of central committee, spirit club, and a freshman senator.

Becky is a University prep major and would like to attend Colorado College after she graduates, she enjoys her Spanish class best. Someday she would like to go to Spain as an exchange student.

She has two older sisters who have attended Armijo. She likes attending Armijo like her sisters and she hopes to graduate from Armijo.

Becky has many extracurricular activities. She enjoys playing fetch with her two dogs; her favorite animals at home are her two cats.

After school and on holidays Becky goes skiing, shopping for clothes in the Mall, and traveling.

ALAN BOCK is the president of the freshman class. His most interesting class is Biology U.P. After graduating Alan plans on becoming a doctor of anesthesiology; he plans to attend college at Michigan State University.

In athletics, Alan plays on the J.V. Football team. He enjoys all physical sports, including basketball, bike riding, and skiing.

Alan has an older brother Lou, who also plays football for Armijo. Alan would like to keep playing football and follow in his brother's footsteps.

When not in school Alan enjoys going out to the movies and to parties. He has a playful sheep dog, and Alan likes to run and play with him in his spare time.

Outstanding Sophomores

SARAH IS 15 years old, she was born at Clark AFB in the Philipines, since then Sarah and her family ahve moved many times. She has lived in Fairfield for two years; before coming to Fairfield, Sarah lived in Dover AFB in Delaware. She is the second oldest in ther family, she has two brothers; Robert, who is the oldest, and Richard and a sister named Rebecca, who is the youngest. She also has two pets; a cat named Spike and a dog named Betsy.

Sarah said in our interview that she has maintained a perfect 4.0 grade point average since she has been at Armijo, and is currently majoring in honors in math and science. Sarah's favorite subjects are science, history, and math. She has been active in Rainbow, a Fairfield organization for girls, for three years and has earned the status of "Worthy Associate Advisor." Keep up the good work, Sarah! Hobbies Sarah likes are rollers-kating and working on her scale model dollhouses at home. Badminton and volleyball Sarah says are her favorite sports, when asked about the kind of music she prefers, she said she enjoys listening to all types but she pointed out Meen at work to be one of her favorite groups.

When I was talking to Sarah about what she was going to do when she finishes high school, she said she would very much like to go to U.C. Davis, when she leaves Armijo, where she will study to be a Bio-chemist, which is what she would someday like to be.

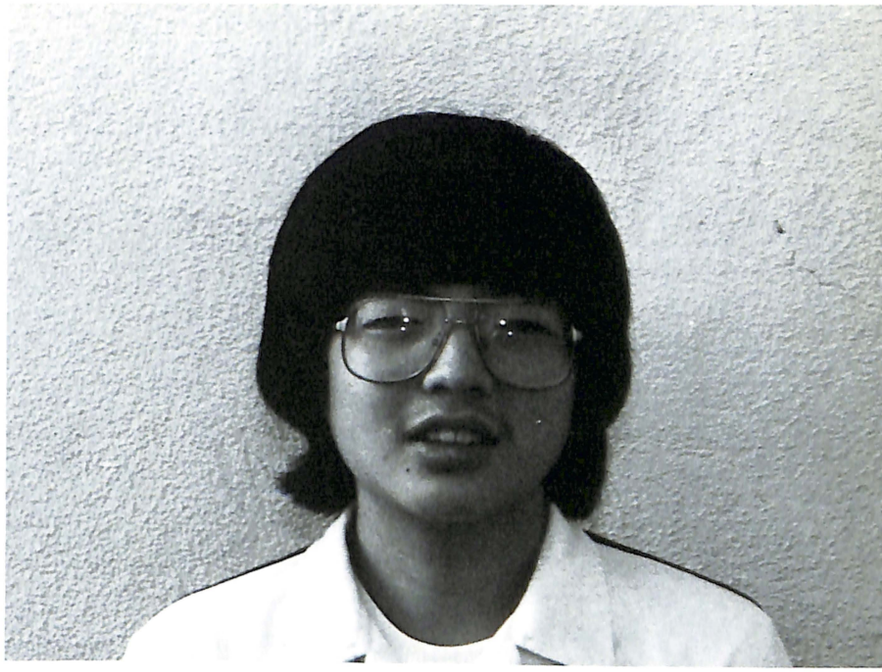

JEANINE HEINE is 16 years old and has lived in Fairfield for seven years. She was born in Santa Monica, California, and has a brother named Ben, who graduated last year. Jeanine's hobbies are playing the piano, reading books, running, and bike riding. Her favorite sports are softball, volleyball, and basketball. Jeanine has a GPA of 3.9. Her major is in business, and her favorite classes are: English, OCS, and Office Machines. Jeanine keeps stats on the away games for the JV Basketball team and she does the freshmen scorebook. She is the secretary for the Electronics Club. Jeanine's favorite music group are the Sorpions and Van Halen. Jeanine's plans for the future is to work in the business field.

MARISA DOMINGUEZ has been a resident of Fairfield all her life. She has one sister named Eleanor, 20, who is currently in the Air Force, and a brother named Richard, 18, who is a senior here at Armijo. Her mother works at Solano Community College as a cashier and her father is a MSGT in the US Air Force.

With an accumulative GPA of 3.9, Marisa is majoring in Business, and her favorite courses at Armijo are math and English. Marisa has also been active in Phil-Am sicnce her freshmen year, and in CSF (California Scholarship Federation) all of her sophomore year. Her hobbies are sewing and dancing and her favorite sports are badminton and volleyball. Marisa says she like to listen to all kinds of music, but her favorite groups are Air Supply, Journey, and Hall and Oates.

After she finishes at Armijo, Marisa would like to continue her studies at Sacramento Stae University where she plans to major in Business. She would some day like to either get into management or be a health administrator, she isn't sure which career she would like to pursue yet. She also has a desire to become a model, if only part-time, for extra income.

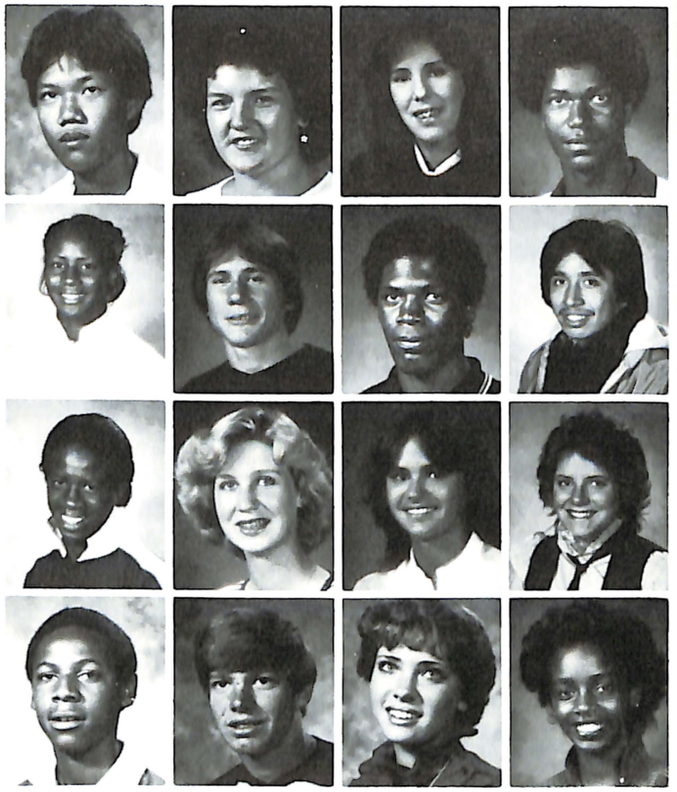

Born in Tachikava AFB, Japan, Isaac Yamasaki and his family have moved back and forth between the United States and Japan many times in his life. He has lived in Fairfield for only one and a half years, before coming to Fairfield, he lived in Okinawa, Japan for five years. He has lived many other places, unfortunately he has lived too many places for me to include in this interview.

Issac has one brother, Thomas, 14 and his father is a MSGT in the USAF. A sophomore at Armijo, Issac has accumulated a 3.96 GPA, he currently has no major but his favorite courses in school are math, English, and Spanish II. In his spare time Issac likes bowling, going fishing, and listening to soft rock on his favorite station, FM 102. His favorite sports are baseball, football, and basketball. He also likes to go down to the local arcade on the weekends and test his luck on his favorite video games, popular games at the arcade include Centipede, Donkey Kong, Dib Dub, Missile Command, and many others.

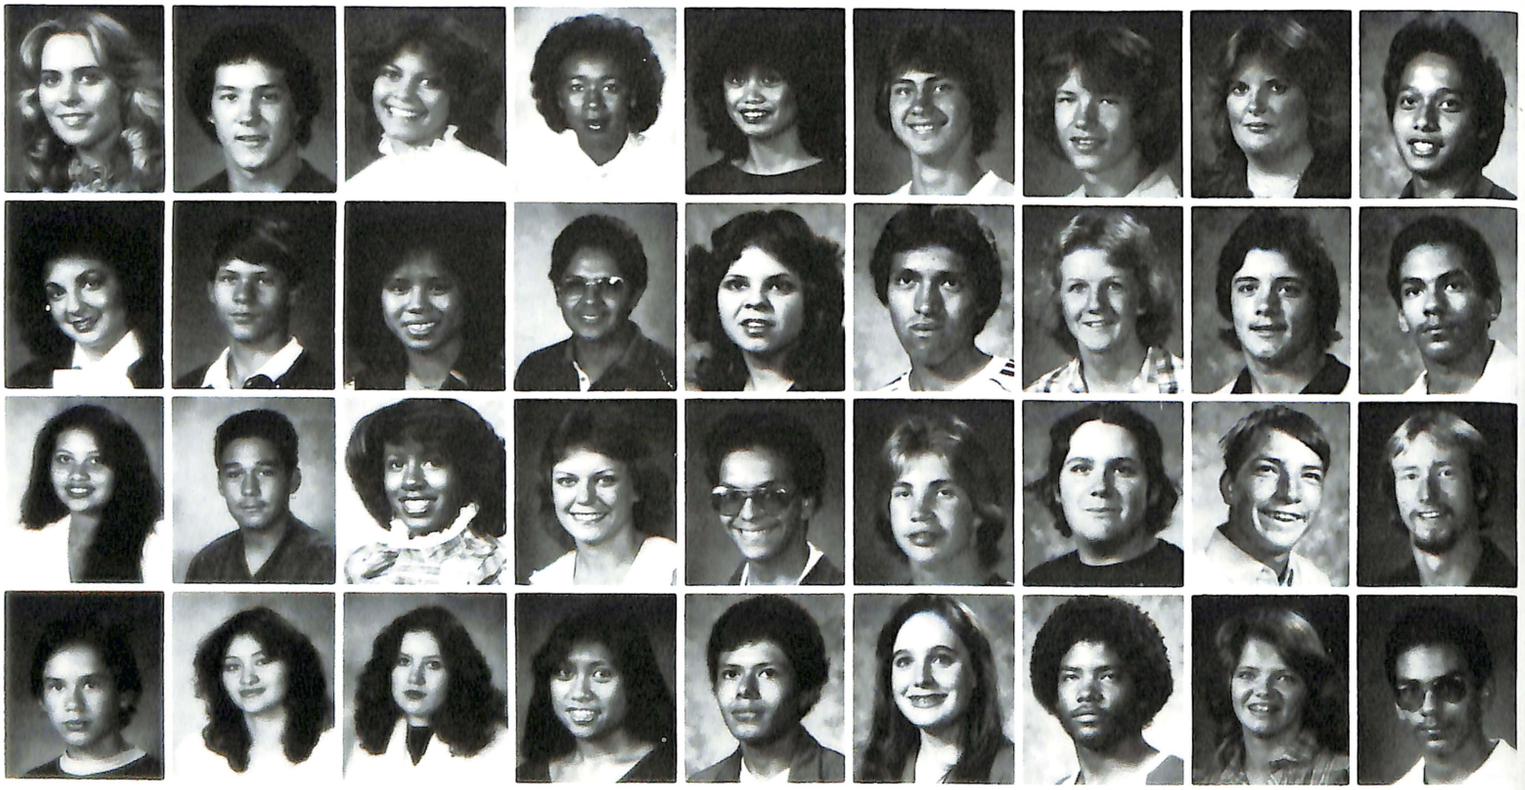

After finishing high school, "I would very much like to go to college and do something in the field of electronics," says Issac. By the time this yearbook will have come out, Issac will be 16 and planning his coming years of schooling for a more prosperous future.

CALVIN HOFLAND has successfully accomplished a 3.8 GPA and is majoring in U.P., or Honors, as it is now called. US History, math, chemistry, and world literature are among his favorite classes at school. In his freshmen year he was on cross-country, but the team was dissassembled so Calvin had to move on to other things. In his sophomore year he was on the wrestling team, and was also a class senator. This year Calvin is a member in the AFS. Out of school Calvin has been active with his church, being a member of the Conquerors Youth Group for 3 years and also a member of the Recreation Committee for the church. He coached a local little league baseball team from January to December last year, and says he is planning on doing it again this year.

Hobbies Calvin likes are bike-riding and bee-keeping? Calvin says he has about 5 million bees, and has been bee-keeping now for four years. Recently, he has turned his bee-keeping into a "buzzing" business, by renting his bees to local almond growers. Calvin can make up to $900 at a time, he says, but all the money goes back into the business, and he makes little profit. Calvin's favorite sports are running, basketball, baseball, skiing, and sledding. He likes to listen to Rock and his favorite groups are Hall Oates, Styx, Journey, and The Sweet Comfort Band, a Christian Rock group. His favorite radio station is Rock 106.

BORN ON MAY 12, 1966, Nancy has lived in Fairfield all her life, not having moved once. Nancy has one brother, Tom, who is currently in the 7th grade and attending Holy Spirit. Nancy's father is a barber at Mikes Barber Shop here in Fairfield, and her mother teaches kindergarten thru 3rd grade and is also a member of Independent Cambridge Counselors. She also has one dog named Seidfride (called Ziggy for short).

With a 3.9 accumulative GPA, Nancy is majoring in Honors in Science and Math. Her favorite classes are Algebra, Biology, and Art. Nancy has been very active in Armijo sports; she has been on the Armijo Volleyball team for 3 yrs, Badminton for 2 yrs, and also does Basketball stats. Nancy isn't all athlete, though, she has also been a member on CSF for 3 yrs. Nancys favorite sports are Volleyball, Swimming, Badminton, and Raquetball. Nancy likes listening to Rock and Soul and her favorite groups are Journey and the Commodores, which she listens to on her favorite radio station, KFRC.

After she graduates from Armijo, Nancy says she would like to first of all attend St. Marys undergraduate school from which she will graduate and get accepted to Santa Barbara University where she will be a Marine Biologist major. She may minor in Politics, and if SBU doesn't work out, she says she might want to join the Navy and go from there.

DEBBIE CHAPMAN is a Junior at Armijo. Born in the Philippines, she lived there for two years then moved to Washington, DC for one year. After Washington, she lived in Toledo, Ohio for one year then finally came to Fairfield. She has lived in Fairfield 13 years. She comes from a fairly large family, with two brothers and three sisters. Her brothers are twins, Richard and George, and her three sisters are Michelle, Sharon, Jerrie, who is also a freshmen at Armijo, and Bonnie. She also has a pet hampster named Samantha. At 17, Debbie is the second oldest in her family. Debbies mother is in Environmental Services at Intercommunity Hospital here in Fairfield, and her father also works in Fairfield as a utility clerk at Raleys.

With an accumulative GPA of 3.9, Debbie has a Marketing and Distribution major. Her favorite classes are Typing, Shorthand, Accounting, Intermediate Retailing, US History, and Computer Programming. Debbie likes reading, cooking, going camping, and playing softball. Her favorite sports are softball and volleyball. She also likes to listen to Air Supply, Todo, and the Little River Band, her favorite groups, on her favorite radio station KYUU.

After Debbie finishes at Armijo, she would like to get into the field of computers, although she is not sure what college or university she would like to attend. Eventually, she would like to own her own clothing store.

Debbie's favorite movies are E.T., Rocky III, and Mommie Dearest. Her favorite fast food place is Taco Bell. Her favorite TV show is Simon and Simon, and her favorite actor is Jameson Parker, who is one of the detectives on the TV show, and her favorite male singer is Lionel Ritchie.

Juniors Strive To Succeed

ONE OF OUR most aspiring young students at Armijo is Martha Sheldon. She is very talented in ballet, jazz, tap, singing, modeling, and drama. Performing is Martha's single goal. "The only thing I want out of life," stated Martha, "is to become rich and famous through dancing."

Martha started ballet when she was five years old. As the youngest child she was inspired to perform and participate in extracurricular activities. She has danced at the Academy of Vacaville Ballet, Vallejo Valley Center and is presently dancing at Mason and Khan in San Francisco.

Martha has auditioned for many Broadway musicals during her yearly trips to New York. While in New York she has taken commercial classes and has taken vocal training.

Away from dance Martha models, performs in musicals around town, and is involved with the drama classes here at Armijo.

Martha wants to teach classes in dance until she is able to return to New York. She is happy while she performs and feels that if she teaches it will improve her own dancing skills.

SUZANNE GOODWIN was born in Tachikava AFB, Japan. She lived in Japan a total of 8 years, after which she moved to Beale AFB, CA., for 2 years and then finally settled in Fairfield. She has lived in Fairfield now for 5 years. Suzanne has one brother, Melvin, who graduated from Armijo in 1981.

Majoring in Academic Honors with a perfect 4.0 GPA, Suzanne would like to attend either UC Berkeley or UC Davis when she finishes at Armijo, where she will take courses in computer programming and Engineering. Suzanne is very active in school, being the head of the Varsity Cheerleading squad and President of the Junior Class, she is also on the Armijo Softball team and is a member of the S-Club here on campus. Her favorite hobbies are cooking, snowskiing, and talking. Her favorite sports are skiing and baseball. When asked about what type of music she likes, she said she liked all kinds, "But I think I like '50's type music best." Her favorite hang out is the Mall, her favorite food is pizza, and when she goes to the movies she said she likes either, "real gory and bloody movies or really touching ones," but she doesn't have a favorite. Her favorite fast-food place is Burger King and her favorite TV shows are Get Smart and Benny Hill. Suzanne's favorite actor is Tony Danza and her favorite singer is the late Elvis Presley.

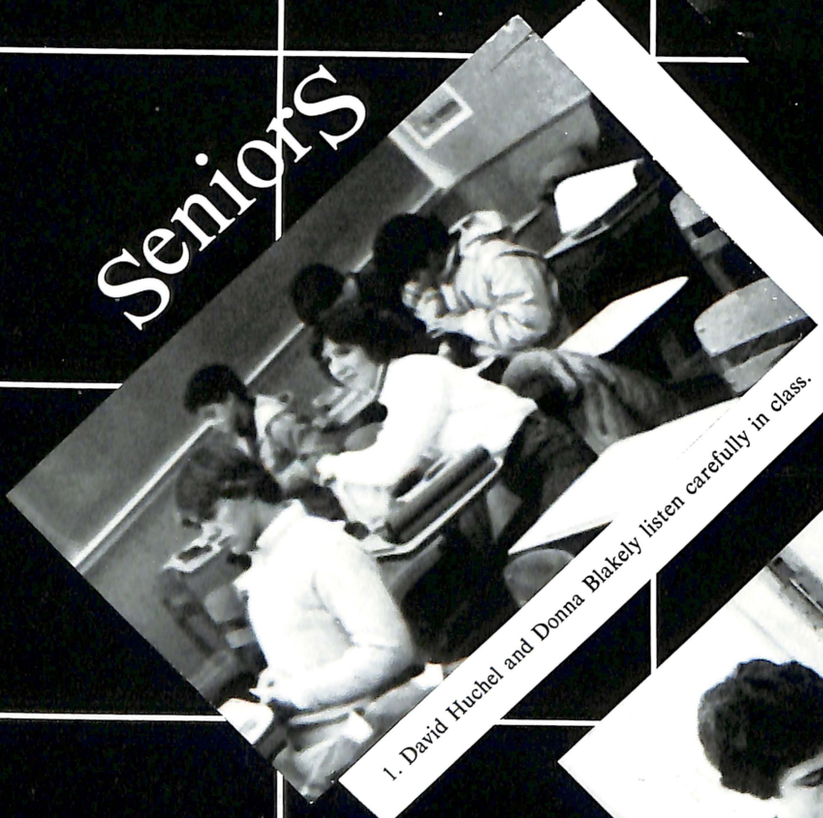

GINGER KANNE was born in Pittsburgh, CA., where she lived for two years, she then moved to Stockton and lived there for four years. After Stockton, she came and settled in Fairfield, where she has lived ever since. She has two younger sisters, Kimberly and Aimee. Kimberly is a freshman here at Armijo, and Aimee is in the fifth grade and goes to Crystal Elementary school in Suisun. Ginger has a cat named Midnight and two hampsters named Peeches and Shadow. Her father is a roofer and has his own business here in Fairfield called A and K Roofing.

Ginger is majoring in Business with a perfect 4.0 GPA. Her favorite classes are Trigonometry, Spanish, and Accounting. Hobbies Ginger enjoys are sewing and reading and her favorite sports are swimming, volleyball, softball, skiing, and tennis. Ginger likes to listen to all kinds of music, and her favorite group is the Commodores. Ginger's favorite food is Mexican, and her favorite fast food place is Taco Bell. Gingers favorite movies are E.T., Chariots of Fire, Somewhere in Time, and Rocky III. Her favorite TV show is M*A*S*H and her favorite male vocalist is Lionel Ritchie.

After she finishes at Armijo, Ginger says she would like to pursue a seretarial career right away, rather than going to college. She also plans to become a full time Jehovah's Witness. Right now she is working part time on the weekends and after school helping children learn the Bible, and wants to make it a full time job as soon as possible. For now she isn't worrying about these things, not until she graduates anyway, she just wants to make the best of her last years at Armijo before she gets out and tackles the "real world."

David Yip has been teaching at Armijo High School for six years and has enjoyed it very much. Ever since 7th or 8th grade he has wanted to become a teacher. Mr. Yip enjoys Armijo students the best out of all the other schools he has taught at including Vallejo Junior High, Berkeley High, Berkeley Adult School, Oakland High, Concord High, and Crystal Junior High. Mr. Yips favorite subject is Physics and his one quote about teaching is, "I enjoy teaching immensely."

Besides teaching school, Mr. Yip enjoys such sports as tennis, swimming, skiing, and ping-pong, along with playing the quitar, juggling, and plyaing poker. He also likes going to concerts and the theater. But one of his favorite things to do is travel. He has visited Texas, Louisiana, Hawaii, Mexico, Hong Kong, and Western Europe.

As Debbie Keys was growing up her main goal in life was to become a lawyer. Now that she has grown up she accomplished one goal of receiving her masters in English and is still striving towards her second goal of becoming a lawyer by attending Berkeley part time.

Besides her career, running means everything to her. She has run in one marathon and two half marathons. To keep in shape Ms. Keys runs an average of ten miles every other day. Along with running, Ms. Keys enjoys traveling. She has visited Mexico three times and Hawaii once.

After teaching four years at Richmond Junior High, Ms. Keys moved on to Armijo. She stated that, "The best part about teaching is the feeling I get when I know I have made a difference in someones life."

When Coach Nunes was in high school he really enjoyed the coaches influence on the teammates. Thats when he decided to become a coach himself. Coach Nunes enjoys all athletics including skiing which he does in his spare time. He was also on the U.C.L.A football team.

As Coach Nunes ends his 3rd. year of coaching, he expresses that he enjoys best the different phases in a game and the effects and personalities of the teammates from a game. He really enjoys and appreciates the friendships and relationships formed between the instructors and students. Being the first year at Armijo, he is enjoying meeting new friends and fulfilling the challenge of bringing football back up to par in M.E.L.

The Benefit Society Copes with Life.

AFTER THE high school years the real world can be foreign to most of us. The Benefit Society Club strives to deal with the subjects. Its members learn how to cope with the stress and pressures that occur in their lives and learn how to deal with the uncertainity of the future.

Hopefully by understanding the different social aspects of society; including the psychological, physical, and emotional aspects; the members feel they can prepare themselves for a meaningful life.

Frequently called the "B.S. club" by members the crazy antics displayed by them enhances the very purpose for their organization. It almost has become a way of life for some of its members. It not being just an organization but a way to think and live out their days in high school.

SPIRIT WEEK is a time when proud students boast about their pride and show off their school spirit. It consists of five days of "dressing up". For example a day costume might be "Toga day". Spirited students would saunter around campus in bedsheets pretending to be Romans. One may regard Spirit Week as a week long costume party. As long as there are no complaints, and the teachers and students enjoy it, the tradition of Spirit Week will always remain.

PEP SQUAD advisor Ms. Keys, who was a newcomer this school year, enjoyed guiding the cheerleaders to a successful year. She began the year with a lot of strict rules and regulations which at first annoyed the girls. The squad did no have an advisor for quit sometime, and it took awhile for the group to grow accustomed to her firmness. Ms. Keys says the Pep Squad represents the school in everything they do, so she expected them to act accordingly. She agreed that her firmness was startling, but she hopes it was effective. "The proof is in the pudding!" she exclaimed.

Leading the well spirited Pep Squad were Suzanne Goodwin, Kim Semenschin, and Veronica Shoopman. Also heading the squad were mascots Lisa Adrian and Sandi Wright. Through hard work and self-discipline they brought a new professionalism to the squad.

Ms. Keys believes that most of the girls are extremely dedicated, putting in long hours; three days a week. Their hard work toward memorizing cheers, perfecting moves, stunts and dance routines performed to bring out the crowds spirit during games and rallies. The Pom-Pon girls performed excellent dance routines to songs like "Alligator Woman," "Michael Jackson's Medley," and "Talk to Ya' Later."

FIL-AM TEEN CLUB

ONE OF THE most active clubs at Armijo, the Fil-Am Teen Club does outstanding work in all activities they have sponsored. On Valentine's Day, the club members distributed over 800 Val-o-Grams and held a successful Sweetheart Dance, which featured a battle between the D.J.'s Street Sounds Production and High Energy Musique.

With the money they made from fund raising activities the club went on trips to San Francisco, had picnics and took an annual trip to Marriott's Great America. They also helped to raise money to build a trophy case for Armijo.

The club officers are: President-Virgie Filomeno; Vice President-Agnes Aromin; Secretar y-Bernadette Serrano; Treasurer-Regina Mislang.

The Super Band Prospers as Accomplishments Grow.

DURING previous years the marching band has always had the upper hand while marching on the street. This year the band added to its accomplishments and took to the field. Running away with honors in both street and field show competitions, the Super Band proved once more it was a top Northern California band.

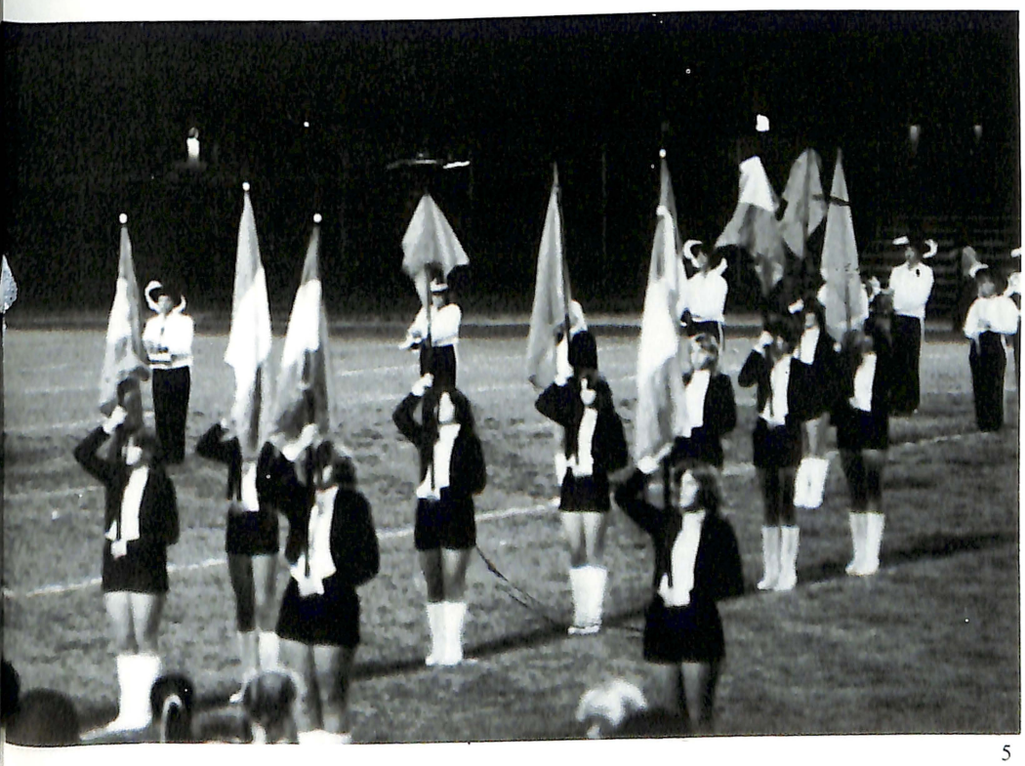

1. The Super Band marches through Knots Berry Farm during their trip to Long Beach.
2. Dale Jones, and Dale Herring prepare for the march through Knots Berry Farm.
3. Marci Papadapolous dances with Snoopy in Knots.
4. The Super Band put on their field show for home spectators.
5. The tall flags perform to the best of Fame during home field show.

4

5

TAKING a detour on the way home, the band marched through Knots Berry Farm playing such songs as Broadway, Rocky, Fame, and a number of street marches. Putting on one terrific show for the crowds of people who gathered to watch.

After coming home the band put on several field shows at football games. Covering areas of success, heroes, Music and a preview of their competition show which turned out spectular.

The money for each of the Super Bands travels were made by a bowlathon, several car washes, a soap sale, and a concert which paid their trip to Long Beach.

Starting the Spring marching season off right the band has played as a pep band for a few home basketball games and has entered a number of the Spring competitons.

Our Super Band has always shown the Armijo Pride and will forever grow with its never ending accomplishments.

AA Attached units resent showmen ship pride.

2. Jim Bunselmeier stops for a break in the field of the band room in Long Beach.
3. James Tobit and David Huchel stop to talk after performing.

ADDING TO the general effect of the band unit, the attached units were not only judged with the band, but also seperately, in their own division.

Drum major David Huchel placed in every parade he attended and recieved first in most competitions, including the All Western Band Review at Long Beach.

Assistant drum major Rick Stome directed the band during all field show performances. Although he didn't place, the Super Band is very pleased with a job well done.

Marci Papadapoulis, the 1981 senior ladies world champion solo twirler, easily won first place in every parade, walking away with first place in the All Western Band Review at Long Beach. Marci gained the presidence, and respect of her piers throughout this tour.

Bagpiper James Tobit played the solo, "Scotland the Brave." The band opened up from a crushed position.

The tall flags, identification unit, and back banners enjoyed a successful year adding to the bands showmenship score. These girls will be entering competiton this winter, putting on seperate shows around the state with out the band. Good luck this winter during your druling competition.

1. The identification unit performs for the crowds in Walnut Creek.
2. Rick Stone, the assistant drum major, worries over the evening field show competition.

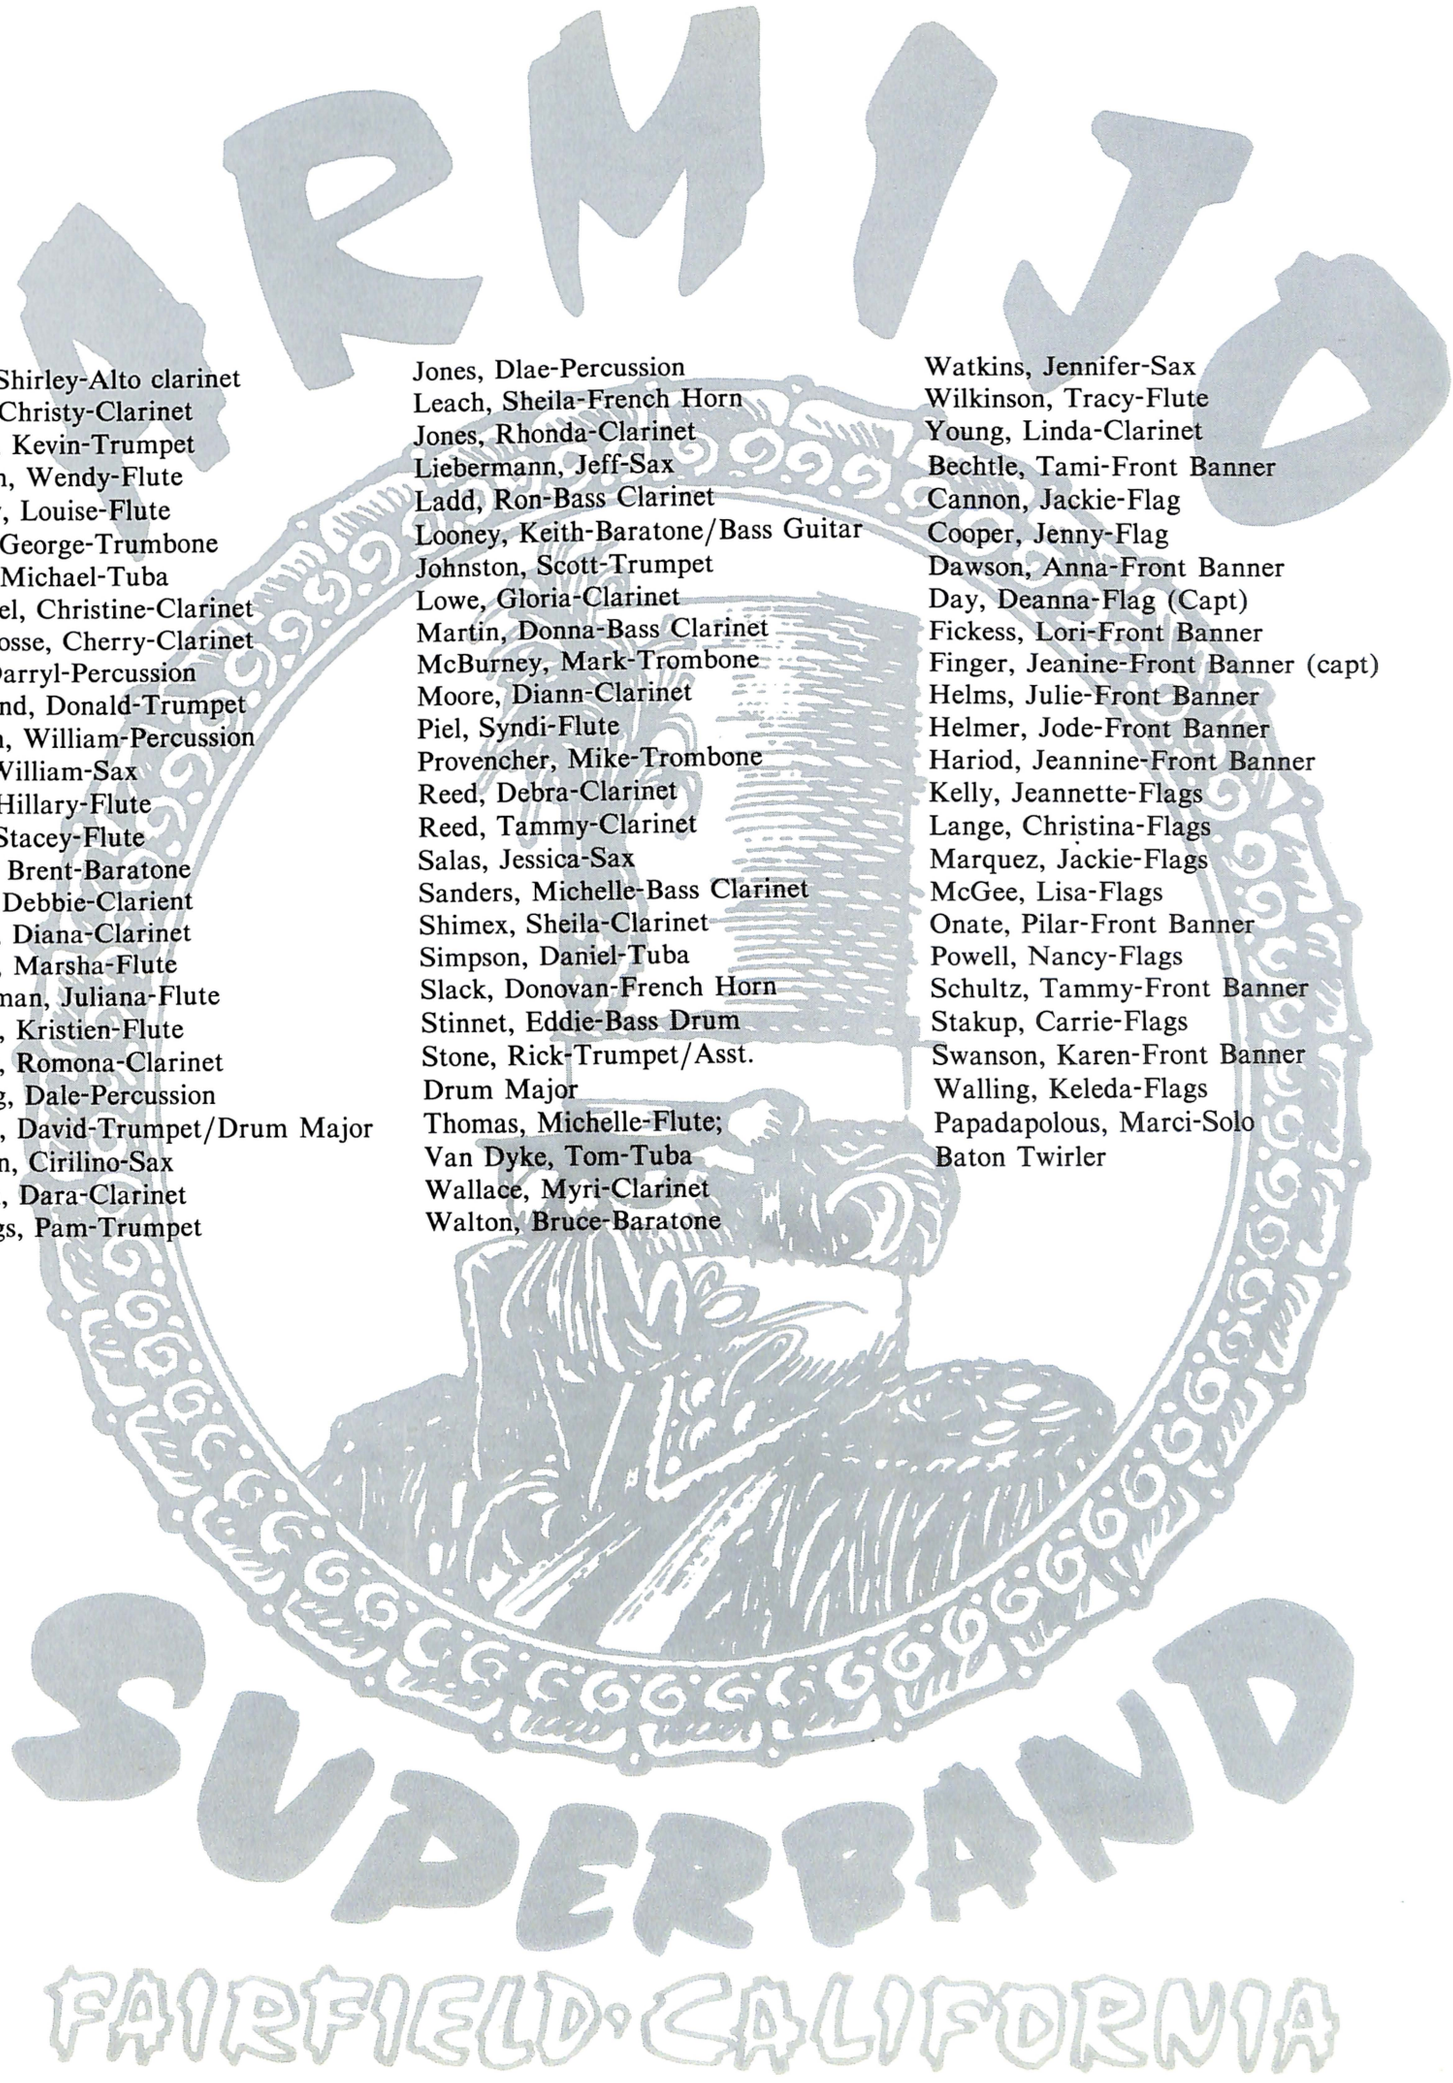

The dirty old man is back

THERE HAS always been some kind of leader driving The Super Band to success. The new band director Jim Bunselmeier has added a new outlook to the bands performences. Putting his expertise to work, he has written a new opening for the Bands Street Performance and has put together a totally new field show for each home game. The creative ideas he has shared with the Band truly displays the hard work he has put forth to recieve the title of Band director.

Jim Bunselmeier and John Philip Sousa, the dirty old man, have something in common, they each believe in good band music and precise band marching.

The logo of the Armijo SuperBand is a picture of John Philip Sousa, the dirty old man. Past band directors have tried to discontinue this logo. With the start of a new year and a new band director, the dirty old man has come back along with the Armijo Pride.

The SuperBand will always excell and grow with the excellent supervision of Jim Bunselmeier. May you forever have good luck here at Armijo.

Determination to Succeed

THE AEROSPACE EDUCATION class was selected as an Honor Unit for the second consecutive year. Only ten percent of 285 units in the United States are selected for this award. Criteria used for the selection are cadet participation in community affairs, scholastic achievement, management of the organization, and the competency of the instructors.

Because Armijo High School hosts an Aerospace Education class, the principal has the privilege of nominating five students to the Air Force Academy. Also, being selected as Honor Unit he has the additional privilege of selecting three students to the United States Naval Academy and the United States Military Academy.

Principal Larry Maniscalco nominated David Anderson, Roxann Lynch, and Shelley Zuehlke to the Air Force Academy and Scott Fein to the United States Naval Academy. Also, David Anderson, Roxann Lynch, and Shelley Zuehlke received four year ROTC scholarships.

1. The 1983 Aerospace Queen Kim Ambrosio with date Tim Rubingh being crowned by Larry Maniscalco.
2. The 1983 Areospace Queen with her court: Mr. Lynch, Roxann Lynch, Tim Rubingh, Queen Kim Ambrosio, Jill Whitford and Daniel Hemmingway.
3. The officer promotions for 1983 are: top row; CMSGT Gordon Harker, Jim Saalwaechter, David Albrecht, Paul Brenner, Scott Fein, David Sheldon, Narcisco Edralin, Major John Kardach; bottom row; Shail Erfanian, Paul Frink, Katherine Herrera, Andy Tirao, Shelley Zuehlke, Glen Golez, David Anderson.

ARMIJO SPIRIT CLUB CHEERS ON

ONE OF the strongest and most active clubs is the Spirit Club. The club supported the teams, planned out costume days for the Spirit Weeks, and painted posters and banners for rallies and assemblies. They learned cheers, so they could raise enthusiasm along with the cheerleaders.

As payment for their hard work, Mrs. Gordon planned a field trip to Marriott's Great America for the club.

1. The 1983 Spirit Club is bigger than ever.
2. Spirit Club advisor, Mrs. Gordon, is caught by surprise.
3. Neither traffic jams, square pegs, nor rain of night keep these spirited Indians from cheering the team on.
4. Spirited indians show their best faces.

PRODUCING a newspaper every two weeks is a hectic job. Page editors, writers, and photographers must work efficiently together to produce a high quality paper and get it out on time. Writers and reporters conduct endless interviews and search the school for stories. Editors design layouts and edit all the stories, and without photographers the paper would be a lost cause.

All the staff members, are equally important and just as devoted to making the ARROW a superior school newspaper.

EXCHANGE STUDENTS BRING THE WORLD CLOSER

THESE STUDENTS are our exchange students. They come from many lands bringing their cultures with them. These students have decided that they would like to learn about our culture. So they have come through an exchange program called AFS.

AFS is a program to promote international understanding through intercultural learning. AFS sends students overseas and brings students to America to learn about our culture.

Through AFS, students gain an experience that they will never forget. They learn about the people, the culture, and about themselves.

ELECTRONICS

ELECTRONICS IS the study of electricity and its uses. Students learn how to use test equipment to work on radios, digital computers, circuits, and various other electronical apparatuses.

Students in the ninth grade through the twelvth grade who take electronics should be well equipped to handle mathematical computations and have a high level of reading comprehension.

Electronics I and II prepares a student to pass any military occupational battery, gives a broad general background and certain skill levels with basic hand tools, and soldering techniques.

PENNY LANE was a very special assembly. People dance and sang along with the group as they performed such Beattle favorites as: "Sgt. Pepper's Lonely Hearts Club Band", "Lucy in the Sky With Diamonds", "Hard Day's Night", and "Help".

ONE OF the most exciting girls' sports was Powder Puff Football. The girls from the Junior class went all out and tried to defeat the senior girls' team. The Varsity football players coached this battle of strength and endurance.

The Varsity coaches really enjoyed coaching these young women. It was an inspiring and rewarding experience.

ONE OF the many costume days during Spirit Week was Funeral Day. The students dressed as if they were in mourning for the opposing team.

Two very spirited widows were Margie Moore and Grace Sullivan. Both Margie and Grace were sophomores, and University Prep majors.

ONE OF the best players on the Varsity football team was Bill Spencer. He played linebacker and fullback. The main objectives of a linebacker is to tackle and hurt the opposing players. At the fullback position Bill received handoffs and carried the ball for yardage.

One of Bill's best games was against Oakmont. He made seven tackles.

Bill has played football for seven years. He plans to go on to college and play football, but he's not sure about pro football.

"This has been one of the most successful years the Armijo team has had," remarked Bill.

Coach Nunes made a good impression on most of the players. He's a good coach, and they all get along well together.

In his spare time Bill enjoys riding motorcycles, B.M.X. racing, building models, and tinkering with cars. He plans to own his own garage.

THE J.V. cheerleading squad rooted our team to victory. Their enthusiasm helped keep up the teams morals. The squad includes Kim Semenschin, Cindy Harris, Michelle Brezina, Melissa Free, and Dawn Reese. These sophomores were led by Miss. Keys.

Everyone enjoyed the cheerleaders performance in leading us in many exciting cheers.

FFA

THE ARMIJO FUTURE Farmers of America is an organization for students interested in agriculture. It is not limited to students interested in farming, though. Leadership and cooperation are stressed, as well as community service and career perparation.

The chapter participates in learning activities and recreational events at sectional, regional, and state levels. The members extend the learning in the classroom by involvement in project work in many fields of agriculture. Profits made from the projects go to the student owners and, in addition, awards and recognition.

Homecoming Flooded Out

Due to strong winds and heavy rain, the football homecoming season was almost a disaster. The bon fire rally and the homecoming parade were both cancelled because of the poor weather. However, Armijo spirit prevailed. The game against Hogan was a great success just as the homecoming elections and dance were. Marci Papadopoulos was crowned homecoming queen along with Lisa Warner, Shelley Zuehlke, Jackie Ramirez, and Janel Johnson as her court.

1982-83 La Mezcla Staff Strives for Perfection

4

3

Staffers have to give up lots of time if they are to be an important asset to the Yearbook. Friday deadlines, Saturday meetings, and a major part of your personal life are sacrificed to make the quality yearbook that is expected of us every year. A lot went into LA MEZCLA this year. Our staff is small but dedicated, and we think this book is the best ever. We hope you enjoy reading it as much as we enjoyed making it.

Armijo springs to the attack.

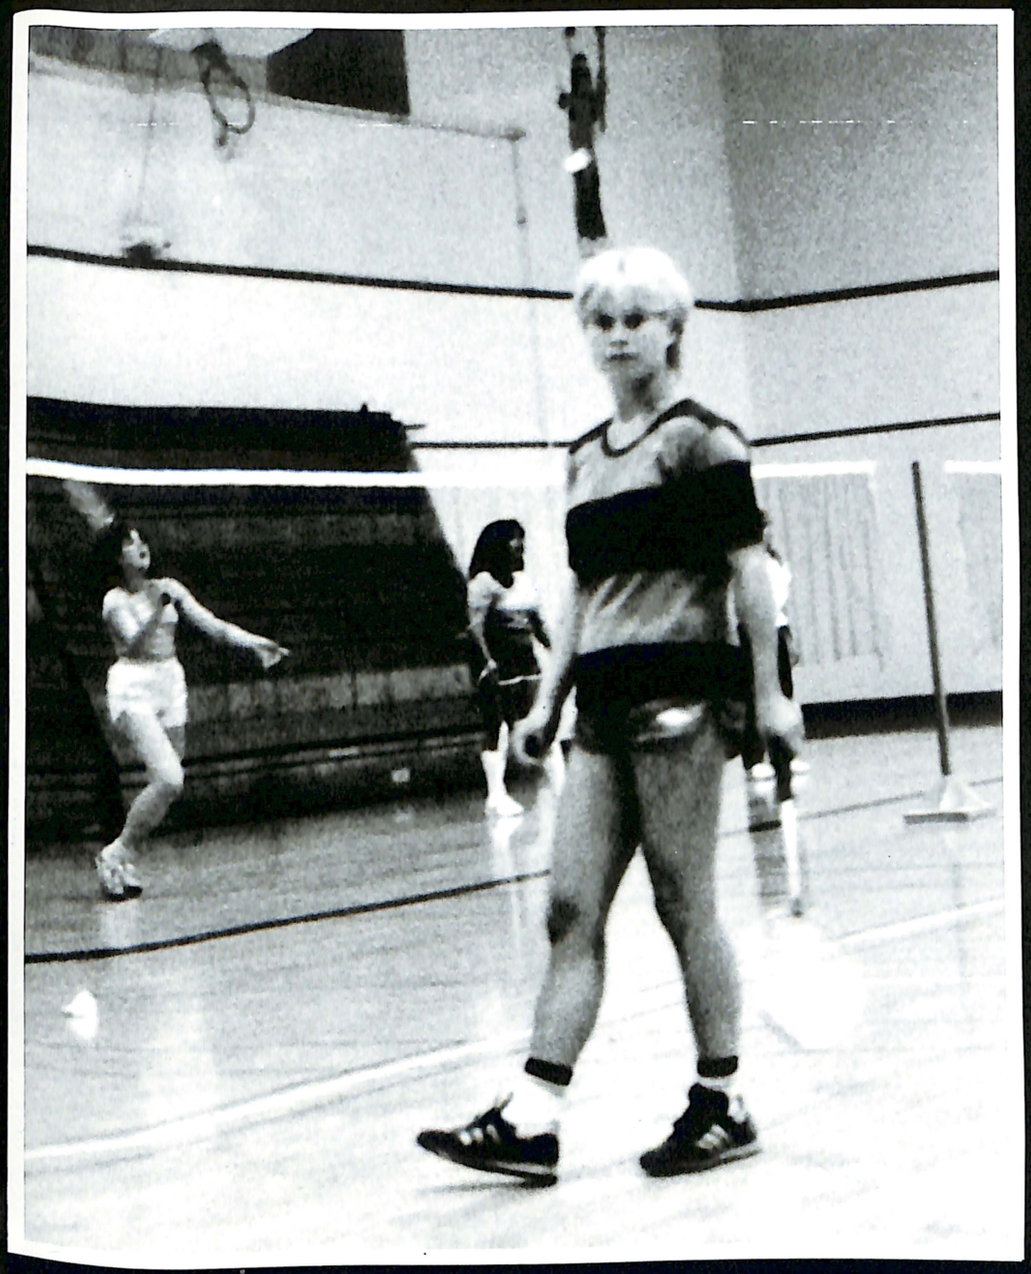

Coach Nunes putting the Indians through their pre-game warm-ups.

INDIAN football players kick off the season beginning with Pride Week. Pride Week is the most strenuous week of conditioning. It consists of miles of wind sprints and exhausting exercises. After Pride Week comes another week of conditioning with the equipment. Once in shape the football players are able to show their stuff at the Jamboree, which is the beginning of the football season.

Armijo players do bridges before a big game.

Our Finnish badminton player takes a break.

ONE of the sports offered by the P.E. department is badminton. Many students from all the grades sign up for the sport. Players become highly competetive when competing in a series of round competitions. Badminton is extremely popular and there is usually a waiting list of students wanting to play.

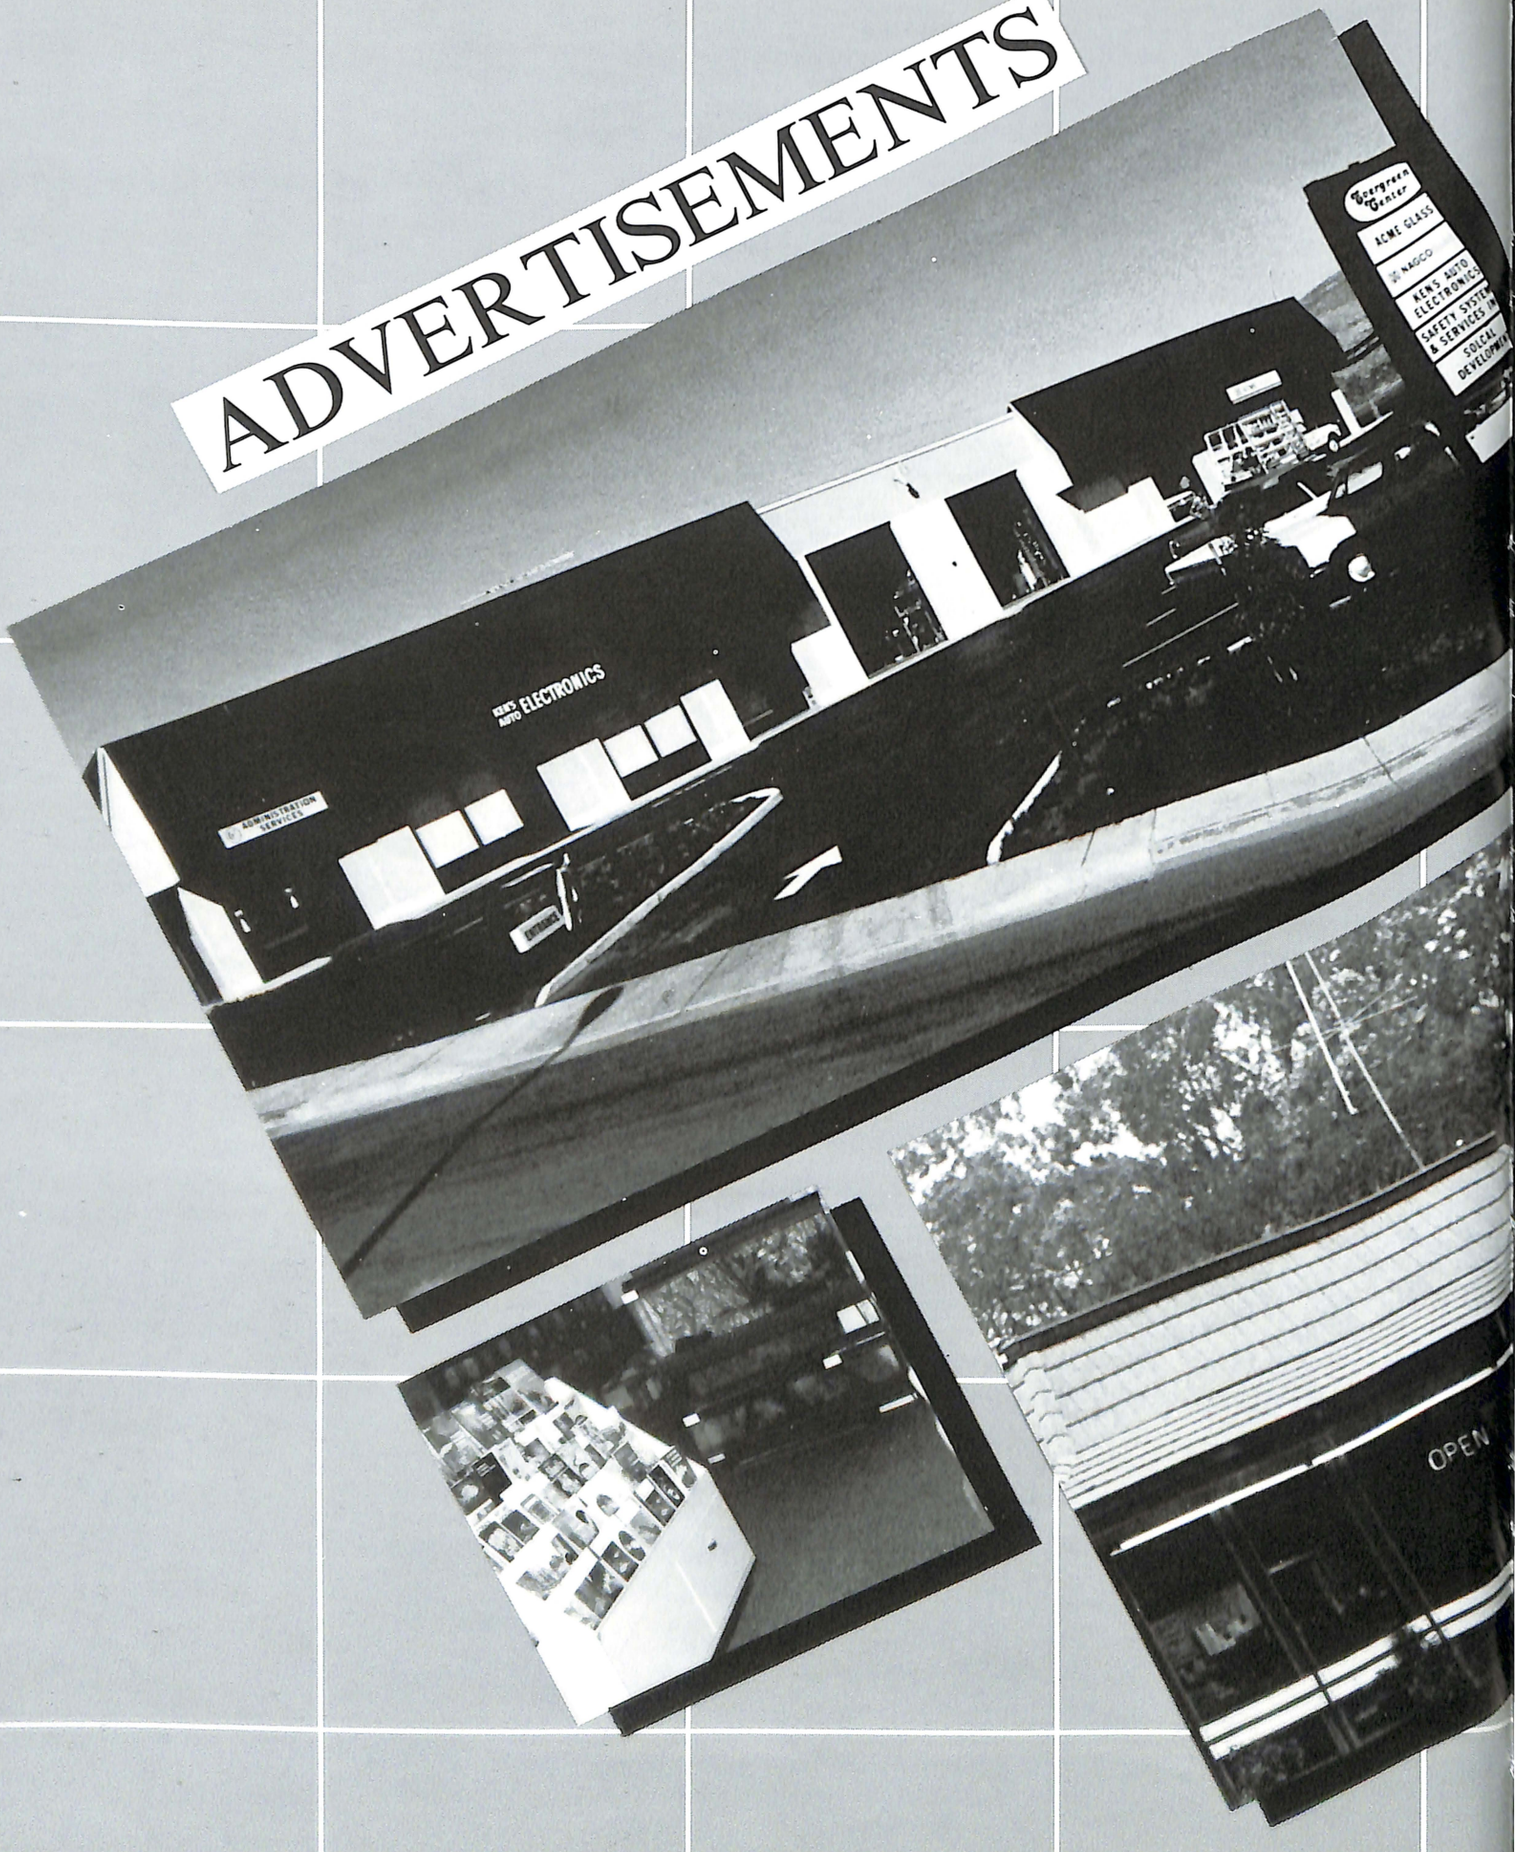

Indian badminton player follows through on a loft shot.

The pep-squad shows their enthusiasm before a game.

THE Pep Squad worked throughout the summer to perfect their cheers and routines. They made their cheerleading debut at the Football Jamboree. Although the J.V. squad and the Pom Pon girls did not have their uniforms, they never the less led the crowd very spiritedly. The crowd responded by cheering very enthusiastically along with the Pep Squad.

ADVERTISEMENTS

THANK You to the past contributers for your support in making our book the best it could be. Without the support of different businesses around town, the La Mezcla would not be possible.

ACKNOWLEDGEMENTS

The yearbook would not be possible without the united effort of many people. Behind the scenes, much hard work is done by many people who are not officially on the yearbook staff. They contribute long, hard hours just so we could make our deadlines.

Much of our photography throughout the book, including the stained glass pictures, was possible due to the efforts and hard work of Mary Cornelison Photography.

We would like to thank the entire faculty and staff for their patience and understanding at deadline time. Their tolerance of our interruptions during class time is truly appreciated.

Although much work is done at school, there are many times when the deadline shifts to a home. We would like to thanks all our parents for their understanding and tolerance.

Mr. Jensen and the Daily Republic often provided us with pictures and film in times of emergency.

Mrs. Franey and the whole Armijo's secretarial staff helped us greatly in keeping our finances straight, answering questions, and distributing books.

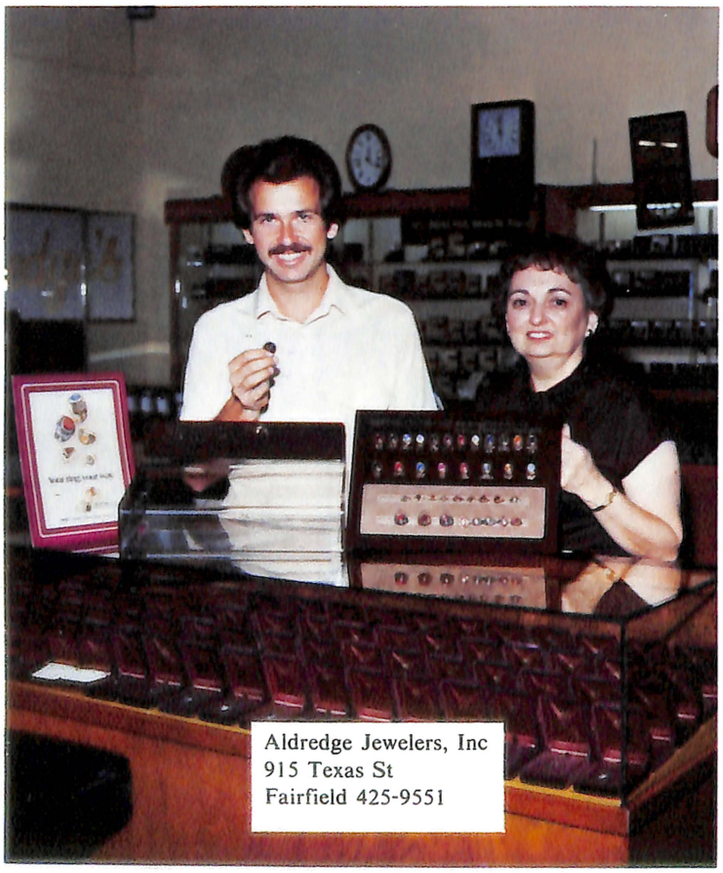

Jim Gillespie, our Herff Jones respresentative, contributed many ideas and suggestions throughout the year, including the cover and title page of this year's book.

We would like to extend our heartfelt thanks to our artists, Troy Edwardes and Darren Langdon, for their outstanding drawings. Also we owe a debt of gratitude to Ann Ricci, the stained glass artist, whose exquisite creations made this book possible.

Senior Statement

1983 - A year that was just a dream as freshmen.
1983 - A dream that seemed possible as sophomores.
1983 - A possibility that became a goal as juniors.
1983- A goal that was within our reach as Seniors.

AS WE LEAVE our high school years behind us we embark on a new journey, a new life. We will always have memories of our high school friends and experiences, but they will fade deeper into the past as we continue to grow up and change. After high school choices must be made. For some the choice may be college, the military, or a job. No matter what road is taken we will continue what we have been doing all of our lives, growing up and learning. This will go on forever, for this is life. Life is learning to deal with people, accepting new responsibilities, and gaining maturity, physical, mental, and moral.

We, the class of 1983, would like to thank our senators, central committee members, and the following classmen for their dedication and leadership.

Senior President .....Donia Williams
Senior Vice President.....Neil Wolf
Senior Secretary.....Veronica Shoopman

Junior President.....Pam Price
Junior Vice President.....Roxann Lynch
Junior Secretary.....Syndi Piel

Sophomore President.....Pam Price
Sophomore Vice President.....Keith Harris
Sophomore Secretary.....Syndi Piel

Freshman President.....Matthew Lucas
Freshman Vice President.....Steve DeVries
Freshman Secretary.....Linda Ritchey

We would also like to thank Mr. Yip, Mrs. Lee, Mrs. Gordon, Mrs. Franey, and Miss. Lum for their professional and personal guidance, advice, and support! We appreciated everything!

Class Motto- Striving toward success.

The Shop Classes Show Their Accomplishments

THE INDUSTRUAL EDUCATION department has accomplished many things this year. The main attraction was their big debut at Solano Mall. Many students displayed projects that they had completed over the year. Different project areas ranged from woodshop and metal shop to electronics and small gas engines.

STAINED GLASS is just one of the many advanced art classes offered at Armijo. Many long hours are put into preparing a window. Each piece is carefully selected and fitted together to come out with a design all of its own. A window can be compared to our student body. All the different colors and races fit together perfectly to make a beautiful picture.

Armijo Faculty Always a Help

WITHOUT THE HELP of the Armijo staff, the yearbook would not be possible. The La Mezcla staff would like to express a hearty "Thank You" to all the teachers for their understanding during deadlines. The staff seemed to always be there when the yearbook people really needed a word of encouragement.

LOOKING BACK OVER the year I have realized that putting a yearbook together is much more than taking pictures and drawing layouts. In preparing for this years theme"Stained Glass Windows" many new aspects of school life came to mind. The yearbook staff wanted to show how the different colors of stained glass tie in with the wide variety of students. The many different colors and races of our student body fit together perfectly to create a beautiful picture, just like each piece of glass in a window.

I truly hope you, as students, enjoy reading this yearbook as much as we have enjoyed putting it together. Even though some deadlines stretched as long into the night as 3:00a.m., it was really worth it to see the results.

Without the help of many people, this yearbook could not be possible. I want to thank Miss. Ash for all the long, hard, and tiring hours she put into helping us. I also want to thank all my teachers who were willing, most of the time, to let me out of class when I was in desperate need of time during a deadline. I would like to thank Mrs. Franey for all the time she spent in selling yearbooks and keeping our money straight. I would also like to thank Mary and Ralph for all their long hours of developing our pictures, and last but not least Jim Gillespie, our representative, for filling our minds with such great ideas.

Good luck to next years staff. I hope you have a great year.
